# ELECTRIC DRYERS

## Harness the Power of Steam

LG's **TrueSteam™ Technology** uses a steam generator to produce real steam right into the dryer giving you unique cycle options that remove wrinkles, odours, static and allergens.

## The Quick Fix

Late for the party and no time to iron your favourite outfit? The **SteamFresh™ Cycle** refreshes and reduces wrinkles in up to five garments at a time with one 20-minute dryer cycle.

## Refresh and Sanitize

**SteamSanitary™ Cycle** refreshes and sanitizes dry items in the steam dryer. The SteamSanitary™ Cycle kills bacteria on your clothes and is great for decorative pillows and other non-washable items.

## Accurate Drying

LG's **Sensor Dry System** measures the moisture levels during the cycle and automatically adjusts the drying time, assuring you get dry laundry every time.

## Less Time with Your Iron

Who likes ironing? No one. The **EasyIron™ Option** lightly moistens clothes to make ironing easier and more efficient.

## Never Clingy

That stowaway sock won't be attached to your pant leg any longer. The **ReduceStatic™ Option** virtually eliminates static cling.

## Call, Connect, Resolve

**SmartDiagnosis™** uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.
