Smooth Black

Stainless Steel

ENERGYSTAR® qualified models use at least 20% less energy than required by current federal standards. LG's Energy Star refrigerators allow consumers to save money, energy and protect the environment.

Linear  
Compressor

# FRENCH DOOR

## 10 Year Warranty on Linear Compressor

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor motor uses fewer moving parts and operates more efficiently, LG confidently backs this exclusive technology with a 10 year warranty.

## Smart Diagnosis™

It's unlikely you'll experience any problems with your LG refrigerator, but if you ever do, this feature helps the service centre diagnose problems over the phone, helping you minimize costly, inconvenient service calls.

## Multi-Air Flow Cooling

Multiple air vents along with deluxe shelving ensure an equal amount of chilled air reaches each shelf for quick and uniform cooling.

## French Door Styling

The LG French Door Refrigerator combines the style and design of a side by side with the convenient food storage of a bottom freezer.

## Sophisticated Style & Design

Contoured doors, hidden hinges, and a host of great interior features give your refrigerator a look as sophisticated as it is functional.

## Environmentally Friendly

When your refrigerator uses at least 20% less energy than required by federal standards you're going to make an impact – on your energy bill, your energy consumption, and most importantly, the environment.
