MOTORISED ROTISSERIE

360° Rotation. Even Cooking.

The latest range of LG Microwave Ovens offers a 360° Motorised Rotisserie feature, which gives smoke-free barbecue. With a motorised rotisserie, you don't have to manually turn over the food. It also retains the nutrition of the food and provides even cooking from all sides like never before.

Drawbacks of Conventional Barbeque

- Not possible on gas cooktop
- Additional accessory/cost
- Manual turning
- Time consuming

Benefits of Motorised Rotisserie

- Even cooking
- All side browning
- No manual turning
- Easy and safe to insert food
- Horizontal even roasting

STAINLESS STEEL CAVITY

More Hygienic. More Durable.

The Stainless Steel Cavity in the latest range of LG Microwave Ovens helps you cook more hygienically and faster. What's more, it prevents rust, is easy to clean and durable.

HAVING STAINLESS STEEL IS ALWAYS A GREAT EXPERIENCE

- It's hygienic even for the utensils at home
- It stays with you for a long time
- There is no stress of rust in stainless steel
- It's a good conductor of heat
- Takes lesser time for pre-heating

QUARTZ HEATER

Concealed Heating. Safer Cooking.

The concealed heater in the LG Grill Microwave Oven eliminates the risk of any form of hand injury and thus makes your oven absolutely safe for cooking. It is not only faster but also safer to use and gives you an advantage of making large portions in one go.
