Hassle Free Regular Visit Maintenance Process

Keep your LG PuriCare™ Water Purifier at its best. Experience clean, fresh water without the hassle. Our maintenance service ensures your purifier operates at peak performance.

Regular Visit
For

5 OR **7**
Years Years

Service Frequency
Once Every

6
Months

1. Preparation

Wash your hands, wear gloves, and clean the surroundings before performing water purifier maintenance.

2. Filter Removal

Perform operation & test mode checking on washer to identify issues (if any).

3. Filter Head Cleaning

Complete product sanitation starts by using a sterilization kit and cleaning the filter head with a brush.

4. Filter Installation

Insert the new filter by turning it clockwise and push it back into position.

5. Final Steps

Ensure the arrow mark on the filter joints is aligned, close the filter cover, press & hold the "cold" button for 3-5 seconds to reset the filter.*

6. Explanation & Complete

Instruct the customer on nozzle cleaning, explain product functions, complete the service card & inform them of the next maintenance schedule.

Hassle Free Self-Service Maintenance Process

Keep Your LG PuriCare™ Water Purifier in Top Shape! Follow our easy self-service maintenance tips to ensure your purifier delivers fresh, clean water without a hassle. Maintaining optimal performance has never been simpler.

Hassle Free Regular Visit Maintenance Process

Say goodbye to maintenance stress. With our regular visits, your dishwasher stays in top condition, keeping your dishes sparkling and your mind at ease!

Regular Visit
For

5

Years

Service Frequency
Once Every

12

Months

1. Briefing & Explanation

Inform the customer about the maintenance service that will be provided, and give an estimated completion time.

2. Check Condition

Inspect the product's surface condition and check its operation functions.

3. Measure the Water Hardness

Measure the water hardness during each maintenance visit to prevent mineral buildup.

4. Set the Hardness of the Water Softener

Adjust the water softener based on your water hardness to prevent buildup & keep your dishwasher performing efficiently.

5. Rack Removals

Our technician will remove the cutlery, upper, and lower racks for a deeper, more thorough cleaning of the dishwasher interior.

6. Filter Removals

Remove the inner and stainless steel filters to clear debris buildup & maintain efficient water flow and cleaning performance.

7. Brush & Clean Lower Nozzle

Brush & clean the lower nozzle to remove residue and maintain strong water pressure for spotless cleaning.

8. Steam Clean Interior

Steam cleaning loosens tough buildup & sanitizes the interior for a fresher, spotless finish.

9. Clean the dispenser

The dispenser will be cleaned to remove detergent residue that can harden, cause blockages.

10. Steam Clean the Stainless Steel Filter

Cleaning the stainless steel filter prevents clogs, odors & keeps your dishwasher running efficiently.

11. Brush & Clean Stainless Steel Filter

Brush & clean stainless steel filter thoroughly to remove residue.

12. Clean Top Nozzle

Wipe & clean top nozzle thoroughly to ensure powerful spray, spotless dishes & smooth rotation.

13. Supply Dishwasher Salt

Add dishwasher salt & reassemble inner filter & stainless steel filter.

*Salt is added only when the salt replenishment notification occur.

14. Replace New Inner Filter (1 Year Once)

Replacing the inner filter yearly keeps your dishwasher's water flow strong, cleaning efficient, & interior hygienic.

15. Reassemble

Reassemble the cutlery, upper, & lower racks.

16. Exterior Clean

Clean exterior with wet or dry tissue.

17. Add Citric Acid for Descaling

Inject citric acid into the detergent dispenser to descale the machine.

18. Run Clean Machine Mode

Run clean machine mode & do final inspection.

19. Explanation & Complete

Brief & explain to customer regarding product information after maintenance service.

Tailored to your Liking

Convenient

From your favorite content to your preferred way to view, webOs new Home is the hub that revolved around you.

My Profile

Get tailored movie recommendations, an overview of your team's next games, and your own notifications, all from one place dedicated to you.

WebOS Re:New Program

Every year, get a new TV for 5 years! Our TVs stay as fresh as the day you got them, with continuous updates and added features for your convenience.

LG Shield: Multi-Layered Security for Peace of Mind

With LG Shield, your LG AI TV running webOS 25 is built for protection from the inside out. From encrypted networks to secure installations and continuous 5-year updates, LG Shield delivers peace of mind through robust, multi-layered defense.

The Complete AI Experience

AI Magic Remote

Control your TV easily with AI magic remote — no extra device needed! With a motion sensor and scroll wheel, point and click to use it like an air mouse or simply speak for voice commands.

AI Search

Ask your TV anything. Built-in AI recognizes your voice and swiftly provides personalized recommendations to your requests. You can also get additional results and solutions with Microsoft Copilot.

*AI Search is available on OLED, QNED, NanoCell, and UHD TVs released from 2024 onwards.
*The US and Korea use the LLM Model.
*Internet connection required.

AI Voice ID

LG AI Voice ID recognizes each user's unique voice signature and offers personalized recommendations the moment you speak.

*AI Voice ID may show reduced or limited content depending on region and network connectivity.
*Voice ID support may vary by region and country and is available on OLED, QNED, and UHD TVs released from 2024 onwards.
*It works only with apps that support the Voice ID account.
*AI Search is available on OLED, QNED, and UHD TVs released from 2024 onwards.
*In the US and Korea, AI Search uses the LLM Model.
*AI Chatbot available in countries supporting NLP in their native language.
*It is possible to link the AI chatbot to customer service.
*Some features may require an internet connection.

AI Chatbot

Interact with the AI Chatbot through your AI Magic Remote and address all concerns from configuring settings to troubleshooting. AI can understand user intent and will provide immediate solutions.

*Internet connection required.
*AI Chatbot available in countries supporting NLP in their native language.
*It is possible to link the AI chatbot to customer service.

AI Concierge

One short press on the AI button on your remote opens up your AI Concierge which provides customized keywords and recommendations based on your search and watching history.

*Supported menus and apps may vary by country.
*Menus displayed may be different upon release.
*Keyword recommendations vary according to the app and time of day.

Perfect Soundbar, Made for LG TV
