

A9N-SOLO

A9N-SOLO
(True White)

One-touch Control

No hassle of continuing to press trigger

Sufficient Battery Time

50 min on normal mode is enough to clean at once

* Dyson - V7(30 min), V8(40 min), Omni(20 min)

Quick and easy battery change

The interchangeable and rechargeable batteries are easy to swap over by simply pushing the buttons on both sides of the battery and slipping the battery in or out.

Refreshed Design and Powerful Suction

- The new refined filter and color matching design
- Powerful suction power(160W) with AEROSCIENCE™ technology and Smart Inverter Motor™ (10 year warranty)

* Dyson - V7(100W), V8(115W), Omni(50W)

* AEROSCIENCE™ is the name given by LG to our air flow technology developed over years of research by aerodynamics experts, and uses powerful mini whirlwinds of air to filter out dust particles.

Slim designed multi-surface Nozzle

The new slim design makes it easier to clean the hard to reach space.
