Life's Good.

Tankless Technology

Enjoy pure drinking water through direct water filtration, eliminating the need for a water tank.

Automatic Moving Tap

Auto adjustment of the tap to ensure hygiene.

4-Stage Filter System

Eliminates 9 heavy metals, bacteria, and harmful contaminants for safe drinking water¹.

Hygienic Sterilization

UV sterilization inside the machine safely removes germs in the water outlet with automatic cycles every hour, giving you peace of mind about your daily water consumption.

Preset Temperature & Volume

Select and save custom temperature and capacity settings to access the exact water you need with ease. (*Only applicable for WD518AN)

Smart Connectivity with LG ThinQ[®]

Use the LG ThinQ[®] app on your smartphone to easily check the status of your water purifier from anywhere in real time.

HEAT PUMP DRYER

Fabric Protection with Heat Pump Technology

Low temperature Heat Pump technology reduces shrinkage and takes gentle care of delicate garments.

Optimal Drying Performance with Auto Cleaning Condenser

Enjoy hassle-free maintenance as micro particles are cleaned out by water spray 1-3 times per cycle.

LG Subscribe[™] Care Service

FOR WATER PURIFIER

Deep Cleaning & Sterilization

- Cleaning water outlet
- Focus on foreign substance in and out of the water outlet
- Separating water try filter head for cleaning
- Connecting product with sterilization kit
- Inserting rubber jig to fix micro switch

Filter Replacement & Installation

- Old filter is removed before cleaning
- After cleaning and a new filter will be inserted

Maintenance Inspection

- Adjusting filter head
- Checking water leakage and moving motion
- Closing filter cover to ensure it is closed properly

LG Subscribe[™] Care Service

FOR WASHER

Drain Pump Filter/Detergent Box

- Opening cap cover hose and to remove the remaining water.
- Washing the detergent box and cup with a steamer and stick brush.
- Removing water with dry tissues for the outer surface.

Cleaning Machine Room

- Dust removal and steaming
- Drying with blower

Functional & Part Check

- Performance testing and exterior check (surface, shelves and door).
- Check cooling temp, floor condition, noise level, door off-set and leveling.

FOR DRYER

Filter & Water Tank Care

- Filter cleaning and dust removal
- Removal of water supply tank for cleaning

Steam Care

- Steam care inside the drum and under the filter
- Cleaning of humidity sensor and tub

Operation Check & Tub Care

- Assemble the extra filter and water tank
- Enter LQC mode and start tub care course

¹ Issued by the Korea Institute for Water Technology Certification (KIWATEC) according to the Law for the management of Drinking water. This is based on the quality inspection report, and may differ depending on the actual use environment. Heavy metals: remove more than the standard of mercury, lead, iron, aluminum, copper, arsenic, cadmium, zinc, manganese. Remove more than the standard of 19 organic chemicals, 4 pesticides, 1 microorganism, and 4 mandatory water purification performance items. The pore size of the UF is 0.1-0.3µm, which can remove fine particles and bacteria larger than that size, and at the same time passes the ionic minerals below the size without removing it.

² Tested by Intertek on March 2019. Cotton cycle with 2kg of underwear compared to LG Conventional Cotton cycle (F4V9RP2W vs. FC1450S2W). The results may be different depending on the clothes and environment. AI DD is available in 3 cycles. (Cotton, Mixed Fabric, Easy Care).

³ Tested by Intertek on December 2018, based on AATCC standard. Cotton cycle with 'Wrinkle Care' option (3 mixed shirts) compared to Cotton cycle without option. The results may be different depending on the clothes and environment.

Thoroughly Clean in just 39 Minutes

With Turbo Wash 360°, your laundry is thoroughly cleansed with multi nozzles spraying from 4 directions, ensuring high efficiency wash without damaging the fabric.

Allergy & Wrinkle Care with Steam+™

Steam+™ eliminates 99.9% of allergens and dust mites. Wrinkles are also reduced by 30%⁶.

More Durable and Hygienic

The scratchproof tempered glass improves durability and the stainless steel internal clothing lifters promotes more hygienic washing (99% Anti-Bacteria⁸) than a conventional plastic lifter.

Precise yet Flexible Amount of Dosage

ezDispense⁹ automatically releases the appropriate amount of detergent based on your laundry and can be used for up to 35 loads⁹ of extra detergent.

LG Subscribe™ Care Service

FOR FRONT LOAD WASHER

Drain Pump Filter/Detergent Box

- Opening cap cover hose and to remove the remaining water.
- Washing the detergent box and cup with a steamer and stick brush.
- Removing water with dry tissues for the outer surface.

Cleaning Machine Room

- Dust removal and steaming
- Drying with blower

Functional & Part Check

- Performance testing and exterior check (surface, shelves and door).
- Check cooling temp, floor condition, noise level, door off-set and leveling.

6. Allergy Care cycle certified by BAF (British Allergy Foundation) reduces 99.9% house dust mite allergen.
7. Tested by Intertek on December 2018, based on AATCC standard. Cotton cycle with "Wrinkle Care" option (3 mixed shirts) compared to Cotton cycle without option. The results may be different depending on the clothes and environment.
8. Tested by Intertek on July 2013. Bactericidal effect for P.aeruginosa of stainless steel against initial amount in 12 days.
9. Applicable to selected models only. Wash up to 20 times with normal dispense level (5 kg load). Tested by LG internal lab. Cotton cycle with "Normal" detergent level. Wash up to 35 loads when using both detergent and softener compartments as detergent. Tested by LG internal lab. Results may vary depending on the environment.

Auto Emptying Function

Simply dock and go. The bin empties automatically, eliminating dust scatter and hassle for a truly seamless cleaning experience.

UVC LED

UVC LED technology is integrated to inhibit bacterial growth inside the dust bag, ensuring a cleaner, healthier home every time you clean.

Accessory Storage

The stylish All-in-One Tower neatly stores your cleaning tools, bringing convenience and sophistication to your home.

TrueSteam® Efficiently Sanitizes & Refreshes Your Clothes

Reduce allergens, odors and wrinkles in your clothes. More than 99.9%¹⁰ of bacteria and virus is removed with LG's exclusive TrueSteam® Technology.

Mirror Design

The fascinating exteriors of LG Styler® with Mirror Design can complement the design of any place in your home. You can take clothes out and try it out in front of the LG Styler®.

Gentle & Fast Drying for delicates

Low temperature drying system dries clothing faster than air drying, and prevents shrinking and damage caused by heat.

Pants Press

Keep pant creases looking crisp while reducing general wrinkling. Quick and easy care for your pants.

Reduce Wrinkles & Dust

Moving hanger slides side to side approximately 180 times per minute to shake off dust particles and reduces wrinkles effortlessly.

Dehumidify Your Space

Keep your clothes refreshed, as well as your closet and indoor spaces. LG Styler® helps to refresh surrounding clothes and atmosphere.

FOR VACUUM CLEANER

Consumables Subscription

• Delivers vacuum cleaner filter according to the replacement cycle

Dust Bag Replacement

• In the 12th month, we deliver 2 sets of dust bags (1 set/3 pieces) and exhaust filters for all-in-one towers.

Filter Replacement

• The pre-filter and exhaust filter are replaced free of charge, so you can keep the filter as it is.

Free Battery Replacement

• A battery is provided once every 36 months to maintain performance.

LG Subscribe™ Care Service

FOR STYLER®

Filter & Water Tank Steam Care

- Separate the lint/fragrance filter and remove dust with vacuum cleaner
- Wash filter and tank and spray the steam
- Wipe off the water and dry it

In/Out Check

- Disassemble entrance of machine room (unscrew 6 point)
- Remove dust in side styler® and entrance of machine room
- Spray the steam inside the styler® (30 sec)
- Use dry tissue to remove the water
- Exterior cleaning (wet cleaner), Door cleaning using glass cleaner

Operation Check & Time Dry

- Assemble the machine room entrance
- Replace the fragrance sheet, then install the case, filter, and water tank
- Proceed with the Gentle "Dry Normal" course

10. Certified by BAF (British Allergy Foundation) for 99.9% reduction in exposure to live house dust mite and bacteria (E.coli and Saureus) Certified by VDE, kills 99.9% of bacteria (E.coli and Saureus) with Sanitary - Normal Program.

HOME APPLIANCES

REFRIGERATOR

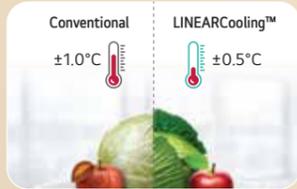

Door Cooling+

Air vents located in the front ceiling of the fridge direct cold air onto items stored in the door baskets.

InstaView®

Knock twice on the glass to see inside the refrigerator without opening the door. This prevents cold air from escaping and helps keep food fresher for longer.

Linear Cooling

Reduce temperature fluctuation to preserve freshness.

UV Nano® Ice & Water Dispenser

Removes up to 99.99%¹⁾ of harmful bacteria.

Functional & Part Check

- Performance testing and check surface, shelves and door
- Checking cooling temp, floor condition, noise level, door off-set and leveling

¹⁾ The UVnano (function name: Self Care) was assessed by laboratory tests by TÜV Rheinland using internal testing methods of measuring reduction of E. coli, S. aureus and P. aeruginosa in distilled water samples after exposure to the product's UV LED for 10 minutes each hour, after a total of 24 hours in normal household use. Actual results may vary depending on environmental conditions and usage. The product does not treat or cure health-related conditions and does not guarantee that water filtered by the product will be free from contaminants such as microbiological particles affecting health of users. UVnano is a compound of the words UV (ultraviolet) and nanometer (unit of length).

Smart+ Mode

Automatically adjust the compressor and fan speed to ensure refreshing air suited to your environment.

Laundry Mode

Rapid dehumidification with up to 34L of capacity (114%¹³ rated capacity).

Enhanced Hygiene

UVnano-treated airflow passes through the fan blades killing up to 99.99%¹⁴ of bacteria and viruses on the surface of the fan blades, ensuring the blades are clean at all time.

Enhanced Technology

LG Dual Inverter Compressor with advanced technology is not only quiet in operation, but also effective in energy-saving.

LG Subscribe™ Care Service

FOR DISHWASHER

Check Hardness

- Measure the hardness of the water with a dedicated kit, adjust softener if needed

Deep Cleaning

- Remove upper, lower racks, inner filter and stainless steel filter for cleaning
- Brush and clean nozzles, dispenser and steam clean the stainless steel filter
- Steam clean inner tub

Replace & Reassemble

- Reinstall filters, racks and replace inner filter (if due)

LG Subscribe™ Care Service

FOR DEHUMIDIFIER

Filter Removal & Dust Cleaning

- Remove the filter cover and filters, brush off dust from the filter + heat exchanger.

Clean Water Tank

- Steam clean the tank to remove odor, mold, and buildup.

Clean Exterior & Drain Hole

- Wipe the dehumidifier body and clear the drain hole to prevent clogging.

Wash Filter & Replace HEPA

- Rinse the washable filter and replace the HEPA filter as required.

12. Compared to LG non-steam model. Based on number of water spots between LG model DFB325 (steam) and DFB512

13. Laundry Mode - This is based on the 14-liter capacity model. -Laundry Mode : Based on LGE's internal test. Test Date : 3/25/2024 - Test conditions: temperature 26.7±1.1°C / relative humidity 20.9±0.6% - Test Model : DD14**** - Testing Method : ANSI-AHAM DH-1-2008 - Testing Mode: Laundry Mode - Results: 18.33 L/day 7) Results may differ in actual usage environments.

14. UVnano - UVnano Fan sterilization - Test Dates : 3/9/2024 - 3/12/2024 - Testing Laboratory : KOTITI Testing & Research Institute - Test Model : DD14GMWE0AHK - Test conditions: (25±2) °C, humidity (50±10) - Testing Mode : Silent Mode (Fan speed : low, UVC LED, 2 hours) - Testing Method : Measured values at two representative locations on the fan blades, compared with the number of untreated bacteria 2 hours after inoculation and product operation - Results : over 99.993% removal of Staphylococcus aureus ATCC 6538P, over 99.995% removal of Staphylococcus epidermidis ATCC 12229, over 99.992% removal of Escherichia coli ATCC 25922 - This test result is based on the test method proposed by the company. It was obtained from an authorized testing agency and results may vary depending on the actual usage environment, such as a decrease in light output depending on location and lifespan. - The sterilizing effect is limited to the surface irradiated with UVC light, and there may be some areas on the surface (pan surface) that are not exposed to UVC light - The product image is for illustrative purposes.

Subwoofer: 201.7(W) x 407(H) x 403(D) mm

A virtual layer creates lifelike sound

Triple Level Spatial Sound adds a virtual layer to create a sound dome around you of richer sound.

WOW Synergy

Enjoy enhanced audio experience with an LG TV and Soundbar pairing. WOW Orchestra uses speakers on both a compatible LG Soundbar and a compatible TV to create an expanded soundstage, while WOW Interface allows convenient control of the Soundbar through the TV's interface.

AI Room Calibration Pro

The Soundbar scans the room to find you and your speakers and, regardless of placement, adjusts volume differences and delay time for an unparalleled listening experience that soars through the room.

4K Pass-through & VRR/ALLM Support

Free up ports on your TV and connect consoles to the Soundbar without compromising graphics performance. VRR/ALLM support ensures tear-free, low input lag gaming.

The Light Life

LG gram's lightweight²³ of 1,239g in a slim body of 15.7mm matches any lifestyle freely. Engineered to pass rigorous military-grade tests, this design proves that durability and sleekness can go hand in hand.

The Power of Hybrid AI

gram AI, integrated into LG gram, redefines AI by deeply understanding users. It combines On-Device AI for secure, personalized solutions with Cloud AI for expansive, data-rich insights.

Born for AI

Intel® Lunar Lake with 47 NPU Tera Operations per Second (TOPS) is a groundbreaking processor for PCs, delivering over three times²⁴ the AI performance compared to previous generations, enabling the capabilities required for an enhanced Copilot+ experience.

Get all Connected

LG gram easily connects as many as 10 devices all at once, whether the device is iOS or Android. Share, collaborate, and create by turning your workspace into a concert of technology.

LG StanbyME 2 comes with a Floor Stand, Wall Mount Kit, and Folio Cover included in the box.
22. The stated performance is based on Intel's internal benchmarks, comparing it to the previous Intel Core Ultra Processor Series 1.

23. Thickness measured at the thinnest part. Weight refers to the laptop only.

Bigger, Sharper, Wider

The 49-inch UltraWide™ 32:9 Dual QHD (5120x1440) monitor offers the screen space of two 27-inch 16:9 QHD displays in a single, expansive view.

Speedy Screen, Smooth Gameplay

Enjoy smooth and stable gameplay with a 144Hz refresh rate, NVIDIA G-SYNC® compatibility, AMD FreeSync™, and various in-game support features.

Vivid Clarity with DisplayHDR™ 400

HDR400 (high dynamic range) supports specific levels of color and brightness.

Stereo Speaker with Rich Bass

The monitor features built-in 10W x 2 stereo speakers, delivering immersive audio for movies, music, and other multimedia content.

All-in-One USB-C Connectivity

The USB Type-C™ port enables display, data transfer, and laptop charging—all through a single cable.

31.5" 4K UHD Touch Screen

Immerse yourself in vibrant color and detail with our 31.5-inch 4K UHD IPS display. The intuitive touchscreen offers effortless control, enabling swift access to adjustments.

Effortless Adjustments, adaptable to any view

Flexible stand featuring a torsion spring hinge, offering tilt, swivel, height, and portrait mode adjustments for effortless angle customisation.

Home Office, without a PC

Powered by webOS, you can manage home office tasks without a PC and enjoy a wealth of content, seamlessly balancing work and entertainment.

Mirror Straight from Your Devices

Effortlessly share content from your smart device to our monitor with AirPlay 2²⁵ (for Apple devices), Screen Share²⁶ (for Android devices).

Productivity Hub with Easy Connectivity

Three USB-C ports allow for display output, data transfer, and device charging (up to 65W), enabling support for your laptop, all at the same time over a single cable.

²⁵ Apple and related marks and logos are trademarks of Apple Inc. Supported features may vary by countries and regions. This monitor is compatible with AirPlay 2 and HomeKit, iOS 12.3 or later or macOS 10.14.5 or later is required.
²⁶ Screen Share - Supported on Android or Windows 8.1 and above.
