^ Anti-viral 99.9% (*20.4.14) ① Tested by Seoul University Graduate School of Health ② Test Bacteria: Mouse hepatitis virus (MHV; murine coronavirus) (human infectious coronavirus surrogate) ③ Test Method: ISO 20743

LG PuriCare™ 360° Air Purifier

360° Clean for You and Your Pets

The LG PuriCare™ system removes dust*, germs, and allergens and delivers fresh air in return.

LG's **Pet Mode**™ will filter out 35% more hair particles than it does in Auto mode.

The **Easy Change Pre-filter** can be easily replaced when it gets dirty from pet dander and hair.

The **Safe Plus filter (Pet)** deodorizes the smells your pet leaves, maintaining higher performance when exposed to fluorescent light or sunlight regularly.

General	
Air Quality Detection	PM 1.0 & Gas Sensor
Applicable Area*	659ft ² / v 61.2 m ²
CADR	477 m ³ / hr
Noise (Sound Pressure) (Max / Min)	52 / 20 db
Operating Mode	Booster / Normal / Smart / Pet
