Maintenance Inspection

- Adjusting filter head
- checking water leakage and moving motion
- Closing filter cover to check it closed properly

4. Issued by the Korea Institute for Water Technology Certification(KIWATEC) according to the Law for the management of Drinking water. This is based on the quality inspection report, and may differ depending on the actual use environment. Heavy metals: remove more than the standard of mercury, lead, iron, aluminum, copper, arsenic, cadmium, zinc, manganese. Remove more than the standard of 19 organic chemicals, 4 pesticides, 1 microorganism, and 4 mandatory water purification performance items. The pore size of the UF is 0.1-0.3µm, which can remove fine particles and bacteria larger than that size, and at the same time passes the ionic minerals below the size without removing it.

- Product function and operation check
- Checking shelf/floor condition and off-set of the door and performance (cooling temp/noise)

Cleaning Machine Room

- Cleaning dust and steaming the inside
- Drying inside with blower

Functional and Part Check

- Performance testing and check surface, shelves and door
- Checking cooling temp, floor condition, noise level, door off-set and leveling

For Dispenser & Auto Ice Maker

Water Tank & Dispenser

- Removing and washing the water tank
- Cleaning dispenser faucet/duct with designated brush and wiping
- Cleaning the side and below of dispensing lever

Auto Ice Maker

- Disassemble ice maker and remove the stuck ice
- Removing ice with wet tissue and wash
- Dry and wipe outside

⁵ The UVnano (function name: Self Care) was assessed by laboratory tests by TÜV Rheinland using internal testing methods of measuring reduction of E. coli, S. aureus and P. aeruginosa in distilled water samples after exposure to the product's UV LED for 10 minutes each hour, after a total of 24 hours in normal household use. Actual results may vary depending on environmental conditions and usage. The product does not treat or cure health-related conditions and does not guarantee that water filtered by the product will be free from contaminants such as microbiological particles affecting health of users. UVnano is a compound of the words UV (ultraviolet) and nanometer (unit of length).

Thoroughly Clean in just 39 Minutes
With TurboWash360™, your laundry is thoroughly cleansed with multi nozzles spraying from 4 directions, ensuring high efficiency wash without damaging the fabric.

Allergy & Wrinkle Care with Steam+™
Steam+™ eliminates 99.9%⁶ of allergens and dust mites. Wrinkles are also reduced by 30%⁷.

More Durable and Hygienic
The scratchproof tempered glass improves durability and the stainless steel internal clothing lifters promotes more hygienic washing (99% Anti-Bacteria⁸) than a conventional plastic lifter.

Precise yet Flexible Amount of Dosage
ezDispense™ automatically releases the appropriate amount of detergent based on your laundry and can be used for up to 35 loads⁹ of extra detergent.

LG Subscribe™ Care Service for Front Load Washer

Lint Filter/Detergent Box

- Taking filter out and remove dust

True Steam® efficiently sanitizes and refreshes your clothes
Reduce allergens, odors and wrinkles in your clothes. More than 99.9%¹⁰ of bacteria and virus is removed with LG's exclusive TrueSteam™ Technology.

Gentle and fast drying for delicates
Low temperature drying system dries clothing faster than air drying, and prevents shrinking and damage caused by heat.

Reduce wrinkles and dust
Moving hanger slides side to side approximately 180 times per minute to shake off dust particles and reduces wrinkles effortlessly.

Dehumidify your space
Keep your clothes refreshed, as well as your closet and indoor spaces. LG Styler® helps to refresh surrounding clothes and atmosphere.

Pants Press
Keep pant creases looking crisp while reducing general wrinkling. Quick and easy care for your pants.

Mirror Design
The fascinating exteriors of LG Styler® with Mirror Design can complement the design of any place in your home. You can take clothes out and try it out in front of the LG Styler®.

Sparkling Clean Dishes, Less Water Spots

True Steam® technology helps to break down stubborn food residue, eliminates harmful germs and delivers sparkling clean dishes with fewer water spots (up to 30%¹⁰).

Enhanced Cleaning Performance

LG QuadWash® offers enhanced cleaning coverage with four multi direction spray arms that shoot water streams in various angles to reach every corner of the dishwasher.

Convenient & Flexible Racking System

Fit all of your dirty dishes in the LG Quadwash® Dishwasher with the SmartRack™ Plus system. The height adjustable rack allows you to store dishes of different sizes and comes with a 3rd rack for your utensils.

Quiet Operation

LG's technological advances, like the Inverter DirectDrive motor and the advanced self-cleaning filtration system, were designed with quiet in mind. At 44dB, this dishwasher is among the quietest dishwashers in its class.

Roll it, hang it, detach it

Explore different ways to enjoy content and express your style. Roll the screen around with the adjustable stand. Detach it and hang it up. Or use it like a tablet with the folio cover.

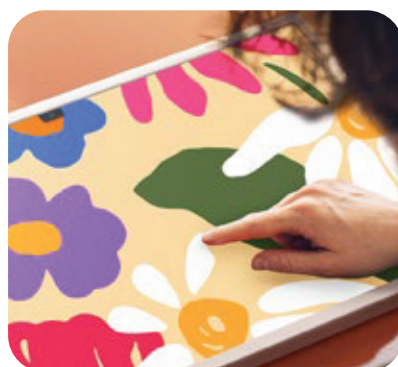

Long-lasting Built-in Battery and USB-C

Enjoy a portable, detachable touch screen with 4 hours¹⁶ of wireless playback and USB-C connectivity.

Motion Art Screen

Express your style and taste with artwork through content and themes like clock, weather, turntable, and more. Showcase your favorite visuals with a screen that can act like a digital photo frame.

Big Tablet Screen

Use the full touch screen to create art and display it with the Always On Display. With Memory Game, Chess and more, play directly on the touchscreen with friends and family.

A virtual layer creates lifelike sound

Triple Level Spatial Sound adds a virtual layer to create a sound dome around you of richer sound.

WOW Synergy

Enjoy enhanced audio experience with an LG TV and Soundbar pairing. WOW Orchestra uses speakers on both a compatible LG Soundbar and a compatible TV to create an expanded soundstage, while WOW Interface allows convenient control of the Soundbar through the TV's interface.

The Light Life

LG gram's lightweight¹⁷ of 1,239g in a slim body of 15.7mm matches any lifestyle freely. Engineered to pass rigorous military-grade tests, this design proves that durability and sleekness can go hand in hand.

The power of Hybrid AI

gram AI, integrated into LG gram, redefines AI by deeply understanding users. It combines On-Device AI for secure, personalized solutions with Cloud AI for expansive, data-rich insights.

AI Room Calibration Pro

The Soundbar scans the room to find you and your speakers and, regardless of placement, adjusts volume differences and delay time for an unparalleled listening experience that soars through the room.

4K Pass-through and VRR/ALLM Support

Free up ports on your TV and connect consoles to the Soundbar without compromising graphics performance. VRR/ALLM support ensures tear-free, low input lag gaming.

Born for AI

Intel® Lunar Lake with 47 NPU Tera Operations per Second (TOPS) is a groundbreaking processor for PCs, delivering over three times¹⁸ the AI performance compared to previous generations, enabling the capabilities required for an enhanced Copilot+ experience.

Get all Connected

LG gram easily connects as many as 10 devices all at once, whether the device is iOS or Android. Share, collaborate, and create by turning your workspace into a concert of technology.

17. Thickness measured at the slimmest part. Weight refers to the laptop only.
18. The stated performance is based on Intel's internal benchmarks, comparing it to the previous Intel Core Ultra Processor Series1
