High-Performance with webOS

LG webOS platform enhances user convenience with intuitive GUI and simple app development tools.

Slim Design

Being slim, a closer installation to the wall is advised. Additionally, this increases the screen's immersive experience and provides a sophisticated design, improving the installed-space's décor.

* The product shown in the image is the 98-inch model.

EMC Certified

With EMC Class B certification, the UH5Q series meets standards for electromagnetic emissions, supporting safety for both the environment and human health.

Versatile Operation with Multi-USB

With support for two USB ports, the UH5Q offers versatile usage options. For example, operating content on the screen while simultaneously using other connected devices is possible. This includes convenient tasks like downloading PPT files from external storage devices while using a mouse or keyboard during a meeting.

SuperSign Solutions
