**QLED Picture**

---

## **MiniLED with Precision Dimming Technology**

MiniLED powered by New alpha AI Processor makes ultra-sharp contrast and lifelike detail on LG QLED evo.

\*Specifications may vary by screen sizes, models, and region.

## AI-Powered Experience

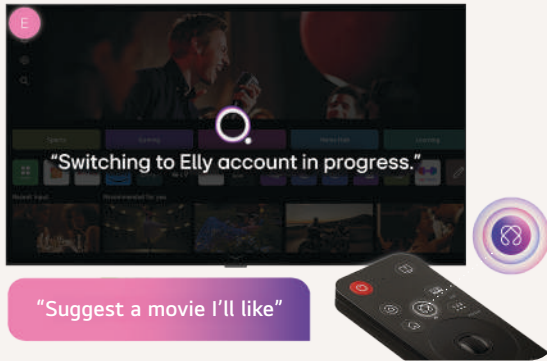

New alpha AI Processor

### The smarter and faster NEW alpha AI Processor from a decade of innovation

Our processor's AI engine is capable of recognizing content by genre. Based on this information, it provides the most optimal picture quality settings to deliver better depth and detail.

\*Compared to the same year entry level Smart TV alpha 7 AI Processor Gen8 based on internal spec comparison.

## AI Customization

### AI Voice ID Your voice is your ID

LG AI Voice ID recognizes each user's unique voice signature and offers personalized recommendations the moment you speak.

\*Reduced or limited content may be shown depending on region and network connectivity.

\*Voice ID support may vary by region and country and is available on OLED, QNED, NanoCell, and UHD TVs released from 2025 onwards.

\*It works only with apps that support the Voice ID account.

### AI Search Ask your TV anything

Built-in AI recognizes your voice and swiftly provides personalized recommendations to your requests. You can also get additional results and solutions with Microsoft Copilot.

\*AI Search is available on OLED, QNED, NanoCell, and UHD TVs released from 2025 onwards.

\*The US and Korea use the LLM Model.

\*Internet connection required.

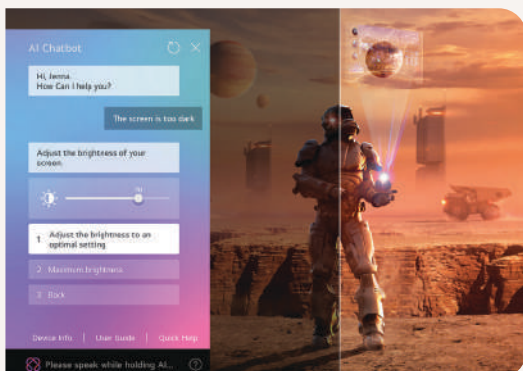

### AI Chatbot Intuitively provides solutions

Interact with the AI Chatbot through your AI Magic Remote and address all concerns from configuring settings to troubleshooting. AI can understand user intent and will provide immediate solutions.

\*Internet connection required.

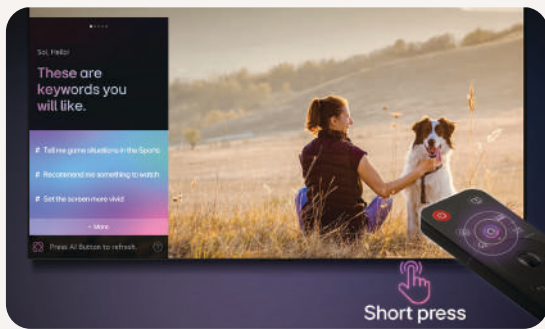

\*AI Chatbot available in countries supporting NLP in their native language.

\*It is possible to link the AI chatbot to customer service and mobile contacts.

## AI Customization

### AI Concierge Personalizing your TV viewing

One short press on the AI button on your remote opens up your AI Concierge which provides customized keywords and recommendations based on your search and watch history.

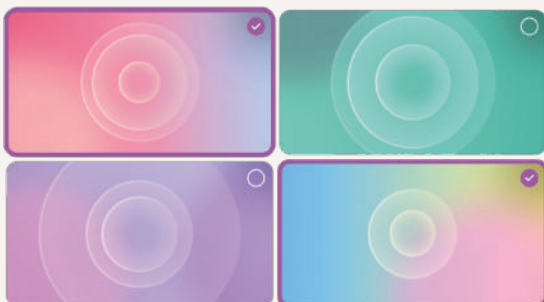

\*Supported menus and apps may vary by country.

\*Menus displayed may be different upon release.

\*Keyword recommendations vary according to the app and time of day.

### AI Picture Wizard Customized picture settings

Advanced algorithms learn your preferences by going through 1.6 billion image possibilities. Based on your selections, your TV creates a personalized picture just for you.

### AI Sound Wizard Sound tuned to you

Choose the audio you like from a selection of sound clips. From 40 million parameters, AI creates a tailored sound profile tuned to your preferences.

---

**AI Picture Pro**

---

# **AI Picture Pro brings every frame to life**

AI Super Upscaling and Dynamic Tone Mapping Pro analyze each frame's elements to enhance resolution, brightness, depth, and clarity.

\*AI Super Upscaling and Dynamic Tone Mapping Pro applies to QNED92.

\*AI Picture Pro will not work with any copyright-protected content on OTT services.

\*Image quality of upscaled content will vary based on the source resolution.

---

## AI Sound Pro

---

# AI Sound Pro fine-tunes your sound for impact

### AI Clear Sound

Precision tone correction enhances sound clarity for an exceptional audio experience.

\*Must be activated through the Soundbar Mode menu.

\*Sound may vary according to the listening environment.

### Dynamic Sound Booster powered by AI Processor

AI processing enhances TV sound for a more powerful sound experience.

\*Sound may vary according to the listening environment.

### Virtual 9.1.2 channels for all-encompassing surround sound

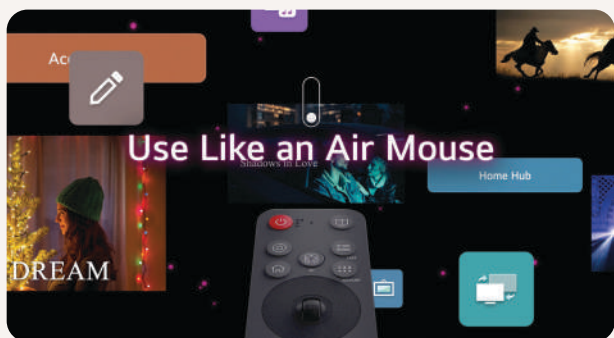

Get the surround sound experience with just your LG TV. AI uses deep learning algorithms to make it feel as if sound is coming from 9.1.2 channels all around you.

\*Sound may vary according to the listening environment.

## AI Magic Remote

## AI Magic Remote completes the AI experience

Control your TV easily with AI magic remote - no extra device needed! With a motion sensor and scroll wheel, point and click to use it like an air mouse or simply speak for voice commands.

\*AI Magic Remote's design, availability and functions may vary by region and supported language, even for the same model.

\*Some features may require an internet connection.

\*AI Voice Recognition is only provided in countries that support NLP in their native language.

---

## WOW Synergy

---

# Enrich your sound with LG TV and LG Soundbar

## WOW Orchestra, immersive sound through perfect synergy

LG QNED TVs and LG Soundbars are the perfect match, made to work harmoniously together to provide multi-surround sound environments.

## WOW Interface lets you control sound from your TV easily

Conveniently operate  
your Soundbar  
settings from your TV.

## Synergy Bracket Brilliant sound stays brilliantly hidden

The SQ70TY Soundbar is easy to install and perfectly matches your QNED TV.

\*Soundbar can be purchased separately.

\*Soundbar Mode Control may vary by model.

\*Please note that the service may not be available at the time of purchase. A network connection is required for updates.

\*The soundbar models compatible with the TV may vary by region and country.

\*LG TV remote usage is limited to certain features only.

---

**QNED Cinema**

---

## The ultimate TV for movies

Watch movies come to life in your home cinema with immersive sound and FILMMAKER MODE that adjusts to environmental lighting for picture quality that meets top filmmaker standards.

### **Dolby Vision & FILMMAKER MODE**

Experience cinema as the director intended with Dolby Vision and FILMMAKER MODE that adapts to surroundings to preserve visuals and keep it as close as possible to its original form.

### **Dolby Atmos**

Let lifelike surround sound move all around you, making you feel like you're in the center of all the action.

\*FILMMAKER MODE is a trademark of UHD Alliance, Inc.  
\*FILMMAKER MODE with Dolby Vision is supported.  
\*FILMMAKER MODE auto starts on AppleTV+ and Amazon Prime video app.  
\*QNED92 does not support Ambient FILMMAKER MODE.

## QNED Gaming & Connectivity

### Advanced Gameplay

Experience peak gaming with 144Hz VRR, and AMD FreeSync Premium. Get your game on without lag or motion blur hindering your performance.

\*Support for these features may vary by model.

\*QNED92, QNED8GA, QNED86 only works with games or PC inputs that support 144Hz.

\*HGiG is a volunteer group of companies from the game and TV display industries that meet to specify and make available for the public guidelines to improve consumer gaming experiences in HDR.

\*Support for HGiG may vary by country.

**AMD**  
FreeSync  
Premium

**ALLM**  
Auto Low Latency Mode

**HGiG**  
HDR GAMING INTEREST GROUP

**eARC**  
Enhanced Audio Return Channel

#### Mobile Connectivity

### Cast your apps directly onto your TV

See content from your iPhone or Android device on your LG TV screen effortlessly with Apple AirPlay and Chromecast built-in.

---

**QNED Ultra Big TV**

---

# The big screen experience

See all your favorite films, sports, and games on LG Ultra Big TV. Dive into high resolution content on a super-scale screen.

---

\*Size, design, and installation method may vary by model.

## webOS Re:New Program
