AI Powered OLED Experience

Our most brilliant alpha 11 AI Processor Gen2 for the best viewing experience

alpha 11 AI Processor Gen2 upscales visuals to 4K quality with stunning color and brightness. AI engines perceive objects with pixel-level precision to enhance picture quality for the best viewing experience possible.

NPU

6.7x*

Greater AI Neural Processing

CPU

2.2x*

Faster Operation

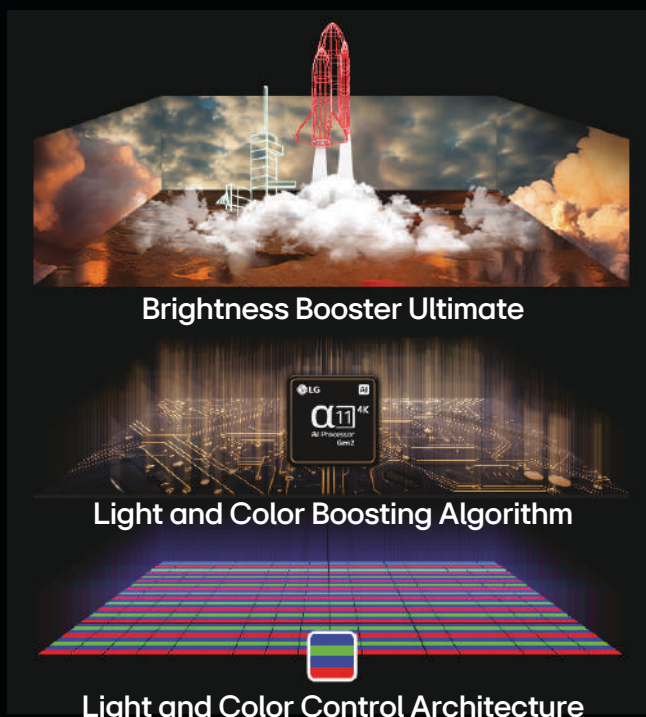

GPU

3.6x*

Improved Graphics

*Compared to the same year entry level LG Smart TV alpha 7 AI Processor Gen8 based on internal spec comparison.

Brightness Booster Ultimate

3X* brighter visuals with Brightness Booster Ultimate

The alpha 11 AI processor Gen2's new Light Boosting Algorithm and Light Control Architecture deliver up to three times brighter visuals.

*Brightness may vary based on model and screen size. Peak brightness of 3X brighter as compared to LG OLED B5 basis internal tests and measurements. 3X Brighter is applied to LG OLED G5 for screen size 210cm (83)/195cm (77)/164cm (65) and 139cm (55).

Perfect Color & Perfect Black

Experience Perfect Black only with LG OLED

Perfect Black is UL-verified and delivers true black levels to enhance perceived brightness and contrast, whether it's bright or dark around you.

Matte display

Perfect Black display

Perfect Black
Certified

Perfect Color

100% Color Volume and 100% Color Fidelity certified. Enjoy accurate, vibrant colors on a reflection-free screen even in sunlight or dark environments.

Perfect Color
Certified

*LG OLED Display is verified by UL for perfect black measured to IDMS 11.5 Ring-light Reflection, based on typical indoor lighting environment (200 lux to 500 lux)
*Actual performance may vary depending on the ambient lighting and viewing environment. *'Reflection Free' applies to OLED G5 210cm (83)/195cm (77)/164cm (65) and 139cm (55).
*100% Color Fidelity' and '100% Color Volume to DCI-P3' applies to 2025 OLED TVs. *LG OLED Display is verified by UL for Perfect Color measured to IDMS 11.5 Ring-light Reflection standards. *100% Color Volume is defined as the performance of display which is equal or greater than the size of DCI-P3 standard color volume as verified independently by Intertek.
*The LG OLED Panel is certified by Intertek for 100% Color Fidelity, measured according to the CIE DE2000 standard with 125 color patterns. *The reflectance of the display is defined as the Specular Component Included (SCI) value at 550nm, independently tested by Intertek. *LG OLED Panel is measured to be under 1% as a reflection free display by Intertek.

AI Customization

AI Voice ID

Your voice is your ID

LG AI Voice ID recognizes each user's unique voice signature and offers personalized recommendations the moment you speak.

*Reduced or limited content may be shown depending on network connectivity and is available on OLED, QNED, NanoCell, and UHD TVs released from 2024 onwards. *It works only with apps that support the Voice ID account.

AI Search

Ask your TV anything

Built-in AI recognizes your voice and swiftly provides personalized recommendations to your requests. You can also get additional results and solutions with Microsoft Copilot.

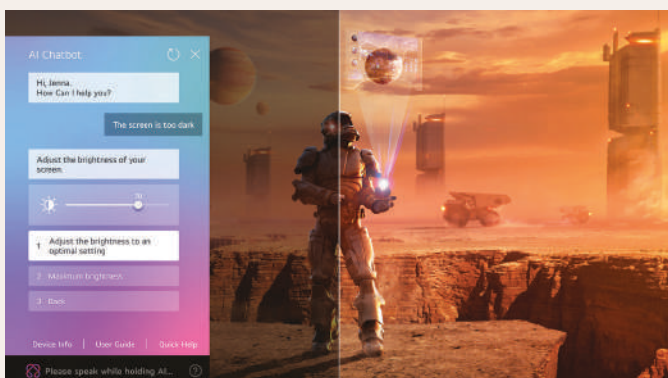

*AI Search is available on OLED, QNED, NanoCell, and UHD TVs released from 2024 onwards. *Internet connection required.

AI Chatbot

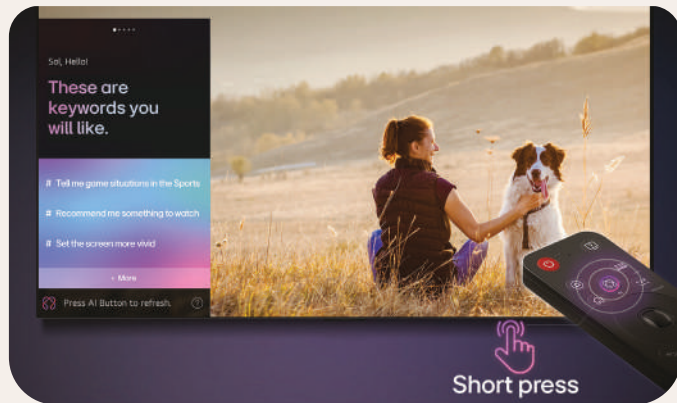

Intuitively provides solutions

Interact with the AI Chatbot through your AI Magic Remote and address all concerns from configuring settings to troubleshooting. AI can understand user intent and will provide immediate solutions.

*Internet connection required.

AI Customization

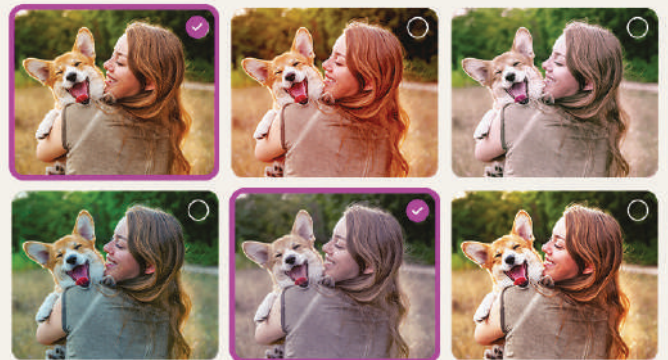

AI Concierge Personalizing your TV viewing

One short press on the AI button on your remote opens up your AI Concierge, which provides customized keywords and recommendations based on your search and watching history.

*Supported menus may vary. Keyword recommendations vary according to the app and time of day.

AI Picture Wizard Customized picture for you

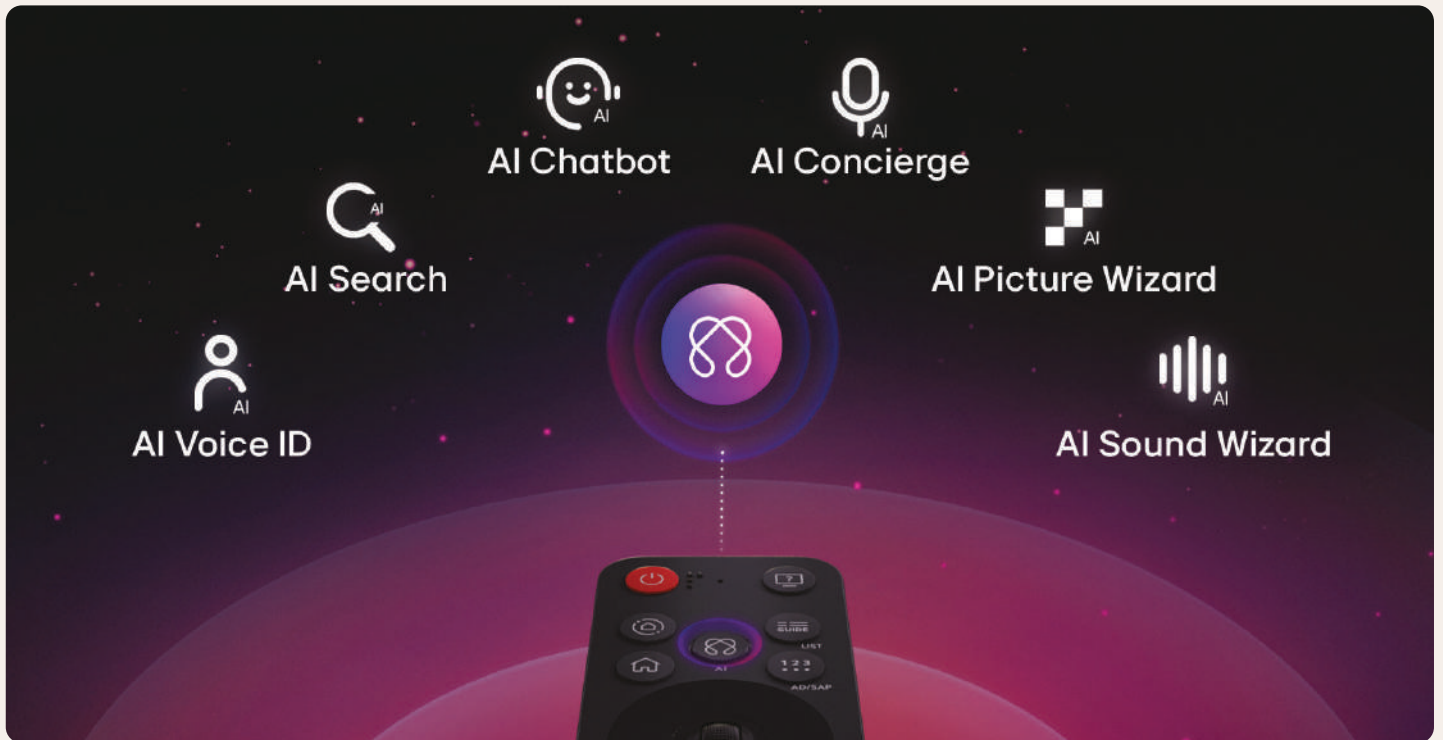

Advanced algorithms learn your preferences by going through 1.6 billion image possibilities. Based on your selections, your TV creates a personalized picture just for you.

AI Sound Wizard Sound tuned to you

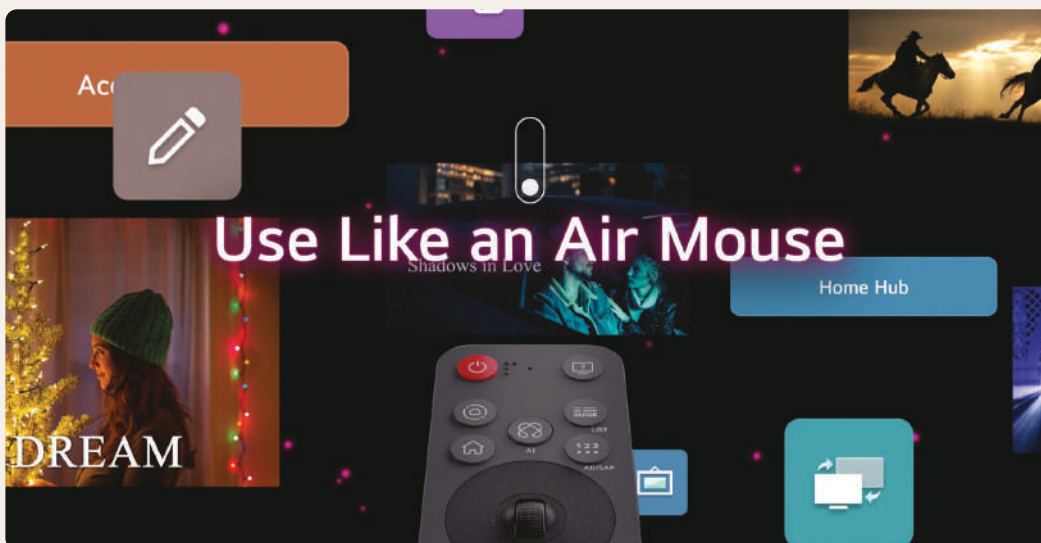

Choose the audio you like from a selection of sound clips. From 40 million parameters, AI creates a tailored sound profile tuned to your preferences.

AI Magic Remote

AI Magic Remote completes the AI experience

Control your TV easily with AI magic remote - no extra device needed! With a motion sensor and scroll wheel, point and click to use it like an air mouse or simply speak for voice commands.

iF Design Award
Winner

*Some features may require an internet connection.

AI Picture Pro

AI Picture Pro brings every frame to life

AI Super Upscaling, AI Perceived Object Enhancer, and OLED Dynamic Tone Mapping analyze each frame's elements to enhance resolution, brightness, depth and clarity.

AI Super Upscaling

AI fine-tunes the resolution

After classifying the frame, AI Noise Reduction and AI Super Resolution realistically elevate scenes.

*AI Picture Pro will not work with any copyright-protected content on OTT services.

*Image quality of upscaled content will vary based on the source resolution. *Sound may vary according to the listening environment.

AI Sound Pro fine-tunes your sound for impact

AI Object Remastering for optimal sound

Hear every sound element effortlessly with AI-balanced audio. AI Object Remastering extracts voices, music, and audio SFX to optimize for clarity, delivering the best sound experience possible.

Dynamic Sound Booster powered by AI Processor

AI processing enhances TV sound for a more powerful sound experience.

Virtual 11.1.2 Ch for total surround sound

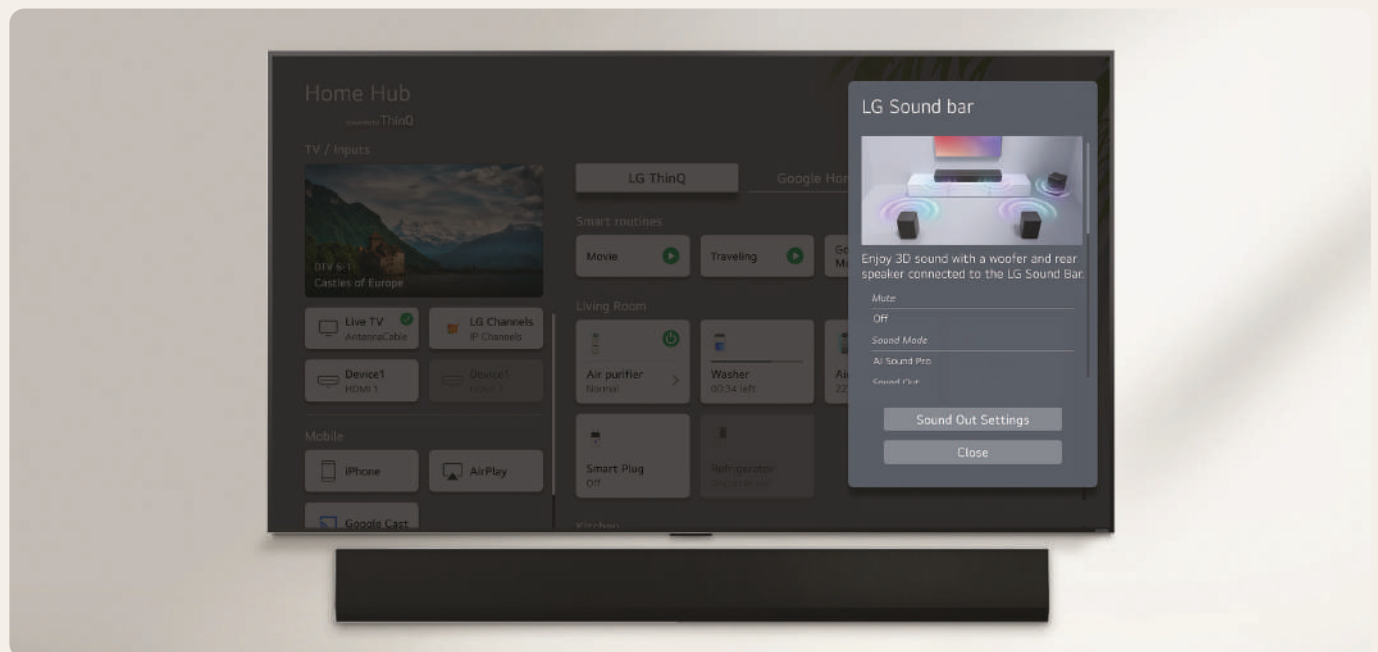

Get the surround sound experience with just your LG TV. AI uses deep learning algorithms to make it feel as if sound is coming from 11.1.2 channels all around you.

WOW Synergy

WOW Orchestra, immersive sound through perfect synergy

LG OLED TVs and LG Soundbars are the perfect match, made to work harmoniously together to provide multi-surround sound environments.

WOW Interface lets you control sound from your TV easily

Conveniently operate your Soundbar settings from your TV.

* Soundbar to be purchased separately. Soundbar features and supported functions may vary by model. LG TV Remote usage is limited to certain functions only for the Soundbar and will vary basis Soundbar and TV models being paired. WOW Orchestra / WOW Interface applies to 2025 LG OLED TVs

Design

One Wall Design

When you mount your TV to the wall, its narrow bezels and seamless design ensure that there is no gap.

*Bezel size may differ by TV series and Size. One Wall Design applicable to LG OLED G5 246cm (97)/210cm (83)/195cm (77)/164cm (65) and 139cm (55).

Dolby Vision & Dolby Atmos

Dolby Vision & Ambient FILMMAKER MODE

Experience cinema as the director intended with Dolby Vision and FILMMAKER MODE with Ambient Light Compensation that adapts to surroundings and keeps visuals as close as possible to its original form.

Dolby Atmos

Let lifelike surround sound move all around you, making you feel like you're in the center of all the action.

*Ambient FILMMAKER MODE is a trademark of UHD Alliance, Inc. *Ambient FILMMAKER MODE with Dolby Vision is supported. *Ambient FILMMAKER MODE auto starts on AppleTV+ and Amazon Prime video app. *Dolby Vision and Dolby Atmos are trademarks of Dolby Laboratories.
