

Essential Commercial TV with Commercial Grade Stand

LT340H(NA)

The LT340H Commercial TV Series provides hotels with a cost-effective, reliable TV solution that has been designed to operate as a two-part solution (with an external set top box). The LT340H series delivers crisp, Full HD images anchored by a stylish, versatile commercial-grade stand.

* Actual product appearance may differ from the above simulated scene.

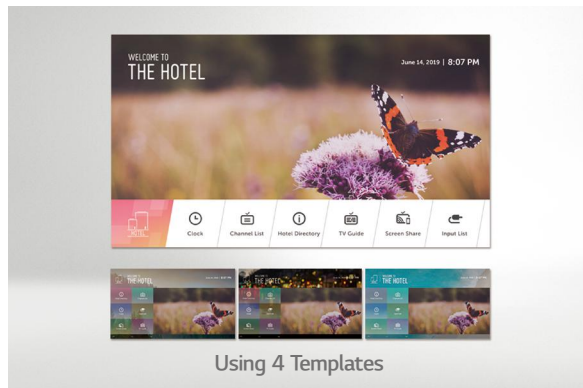

Essential Commercial TV with Commercial Grade Stand

LT340H(NA)

KEY FEATURE

Quick menu

LG has created a new Quick Menu (version 3.0), making it easier and more user friendly than ever. A creation tool enables production of hotel promotional videos.

Public Display Mode

From channel selection to volume level, you can control the TV settings in your hotel's common areas. Public Display Mode also enables restoration of your hotel's default settings on the TVs when required.

Commercial Swivel Stand

The LT340H commercial grade stand swivels to allow guests to view the TV from virtually any angle and can easily be fastened to a tabletop for security purposes.

Essential Commercial TV with Commercial Grade Stand

LT340H(NA)

KEY FEATURE

External Speaker Out

Enhance the entertainment experience with an additional speaker (sold separately). Guests can listen to the TV audio from other rooms within their suite, not only the room where the TV is located.

IR Out

Using the interactive set-top-box, all LG TVs can be controlled with a single remote.

IR Pass Through and Control

Connect an LG Commercial STB to the RS-232C port on the TV to create a system that provides Pro:Centric functionality, as well as RF or IP content.

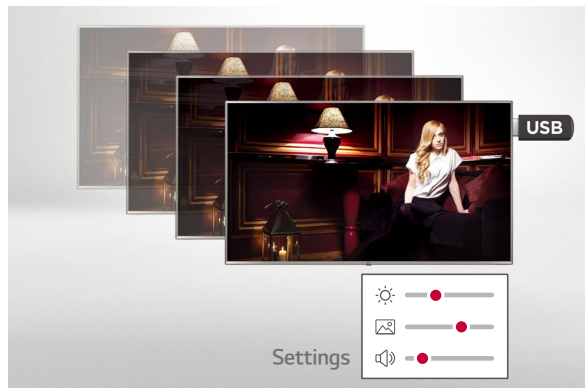

Essential Commercial TV with Commercial Grade Stand

LT340H(NA)

SIMPLE & EFFECTIVE MAINTENANCE

USB Data Cloning

USB data cloning makes managing multiple displays more efficient for optimal operation. No need to set up each display one by one, data can be copied to a USB in one display, data will be distributed to other displays through a USB plug-in.

Lock Mode

Lock Mode blocks external input signals with non-compliant content. This is a useful feature for preventing misuse of TVs in public spaces.

Remote Diagnostics

The TV stores diagnostic data, which can be saved to a USB memory device, thus enabling service engineers to analyze the data and identify technical issues quickly and easily.

Essential Commercial TV with Commercial Grade Stand

LT340H(NA)

CONVENIENCE & ENTERTAINMENT

USB Auto Playback+

Create and play personalized media playlists (video, music, images) without a PC or installation.

Multi IR

Multi-code IR function eliminates any remote control signal interference between TVs in rooms with multiple TVs installed.

Welcome screen

Display a warm greeting message with your hotel name and logo on the TV when it is turned on. The welcome screen provides an inviting, personalized experience for your guests.

* Only available for LG TV models
