Pro:Centric V INFORMATION MANAGEMENT SOLUTION

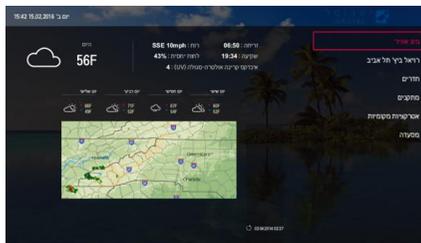

Pro:Centric provides comprehensive solutions in RF infrastructure. Through the Pro:Centric server and app, hoteliers are able to customize their settings and deliver information on hotel facilities and wake-up call services, weather forecasts and other guest messages, all while reinforcing the hotel's brand image.

Dozens of Languages

This series supports 39 languages (including Hebrew, Arabic and Farsi) and language alignment, making guests from around the world feel more at home and comfortable.

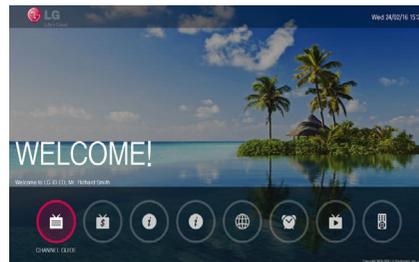

Right Alignment (Hebrew, Arabic, Farsi)

Left Alignment (36 languages)

Basic & Easy Templates

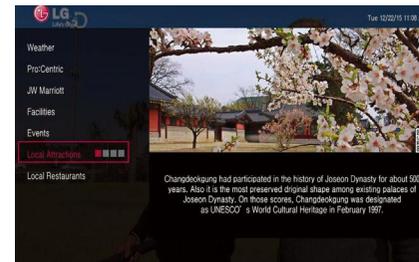

Pro:Centric Application (PCA) provides basic, easy-to-use templates that can be selected based on customer preference.

Welcome Image of PCA

Customizable Template & Page

Choose alternative looks for billboards based on your preferences, and edit multiple sections with up to 40 pages of billboards by yourself with this web-based tool.

Multi Channel Pooling

Operation of up to eight hotel channels (22 sub-channels) offers programming flexibility, customized content and additional services.

VALUE ADDED FEATURES

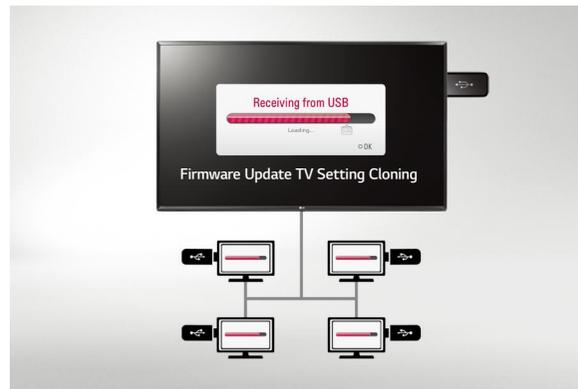

EzManager

EzManager provides convenient installation function that helps to set up Pro:Centric TV settings automatically without extra effort of configuration.

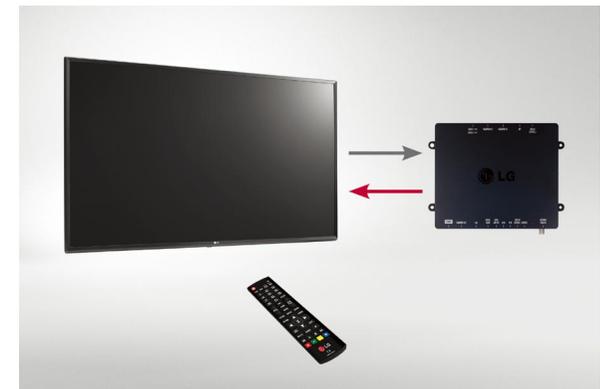

USB Cloning

Clone all commercial TVs with astonishing speed and ease. The USB Cloning feature allows you to simply copy the TV settings to all TVs using a USB memory device.

IR Out

Using the interactive set-top-box, all LG TVs can be controlled with a single remote.

VALUE ADDED FEATURES

Instant On

The high speed loading system enables users to enjoy content immediately after turning on the TV.

Welcome Screen

With the capability to display several images, Commercial Lite TVs allow for a greater variation of greeting messages in hotel rooms which make customers feel more welcome and cared for.

External Speaker Out

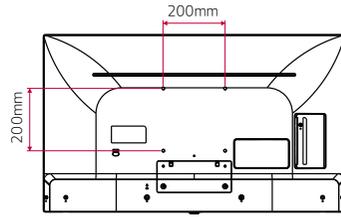

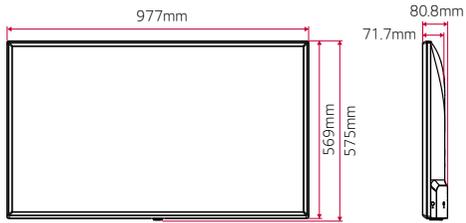

Enhance the entertainment experience by adding an additional speaker. Guests listen to and control the TV audio from anywhere in the business areas, including restrooms.

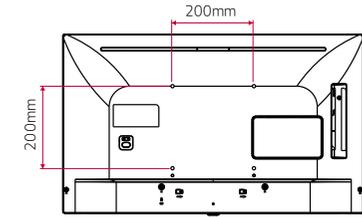

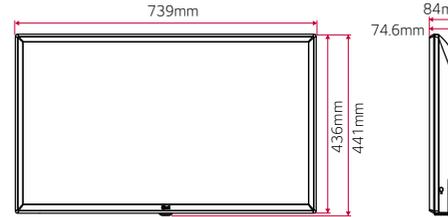

* Support devices for Bluetooth Sound Sync :
Android (above v4.4 KitKat) / iOS based Mobile Device
