Pro:Centric® SMART

Smart Customization

LG Pro:Centric Smart offers extended customizable tools; HTML5, Java and Flash so our partners can optimize Hotel TVs to develop their own enhanced service design. Besides own designed essential TV service, guests can be served with band-width-worry-free pre-loaded applications without privacy concern thanks to LG's advanced history auto deletion S/W.

Extended Connectivity

Commercialized connectivity is ever revolutionized with Smart Share such as Smart Mirroring, WiDi and DLNA which enables guests to play and view content from their digital devices on their in-room TVs. Let your guests surf the internet just like at home with LG's easy-to-use Motion Remote controller and web-browser function.
