(Unit: KRW tn)
Uncertain global economy, tough market conditions are expected to persist.

Volatility of raw material price.

The demand of premium appliances and Ultra HD TVs/OLED TVs in the developed markets are anticipated to grow continuously.

Continue premium focused strategy (LG Signature, G5, Ultra OLED TV)

Actively engage to boost the sales for high season products such as air conditioners, etc.

Anticipate double digit QoQ sales growth.

Expect to mark better QoQ profits.
Performance and Outlook by Division
Performance and Outlook by Division

**1Q16 Performance**

- **Sales**: Sales rose 4% YoY driven by sales growth in premium products and B2B businesses.
  - Domestic: Increased by 11% YoY due to the strong performance in TWINWash washing machine, premium refrigerators and system air conditioners.
  - Overseas: Drop in oil price and unfavorable FX movements affected the weak demand in market such as Middle East, South America and CIS regions. However, overall sales increased by 1% YoY since the sales increased in developed regions such as North America and Europe.

- **Profitability**: Favorable raw material price and better product mix contributed the profitability to improve.

**2Q16 Outlook**

- **Market**: Although the market would grow stable in developed regions such as North America and Europe, overall market fluctuation risk still remains due to the economic recession in Middle East/CIS/China regions.

- **LGE**: LGE will launch 'LG Signature' in the developed regions in order to reinforce the position in the premium market. For the emerging market, LGE will run profitable business by efficiently operating the resources as well as continuously reducing the cost.
Performance and Outlook by Division

**1Q16 Performance**

- **Sales**: Revenue declined 19% QoQ due to seasonality and ASP erosion, etc.
  - Smartphone shipments marked 13.5M Units. (YoY 12% ↓, QoQ 12% ↓)
  - Mobile phone sales decreased 3% QoQ due to the impact of reducing the channel inventory from the carriers in North America market.
  - Mass tier sales decreased due to the unstable economic condition in Latin America, CIS regions.

- **Profitability**: Loss occurred due to the lower shipments and execution of G5 marketing expense in advance.

**2Q16 Outlook**

- **Market**: Slow smartphone market demand growth would further accelerate the intense price competition among smartphone vendors.
- **LGE**: Stronger sales are anticipated largely driven by the global expansion of G5 sales and enhancement of mass tier model sales. The build up of cost-competitive value chain will aid the profitability improve.

---

*The IPD (Innovative Personal Device) department within MC division has been restated to others.*
Although the overall TV demand would remain sluggish, the premium TV demand such as UHD TV and OLED TV will continuously move up.

- TV shipments decreased QoQ in the major markets such as Europe, and North America regions for weak demand.
- Sales in South Central America, Middle East regions has dipped 2% YoY due to economic condition

- Profitability : Margins improved by increasing premium product sales and better cost structure.

**2Q16 Outlook**

- Market : Although the overall TV demand would remain sluggish, the premium TV demand such as UHD TV and OLED TV will continuously move up.

- LGE : Expect slight decline in revenue and margin compared to the previous quarter. However, solid profitability is anticipated by maintaining cost competitiveness.
