## Key Features

### Slim Direct-Lit LED

Advanced slim direct-lit LED technology delivers dazzling pictures in a slim bezel design. Your property's ambience receives a boost while the TVs blend smoothly into the décor.

### HDMI

HDMI is essential for enjoying good quality contents through external devices. HDMI transmits large amounts of video and audio data without any drop in quality.

### USB 2.0

USB 2.0 quickly and conveniently transmits data including images and videos. With the USB compatible LH501C TV series, share your own content with guests and deliver messages to clients.

## Entertainment Features

### True Black Control

LG's local dimming technology enhances contrast with richer blacks for sharper detail and clarity.

### DivX HD

LG TVs are DivXCertified®, and can play DivX® video up to 1080p HD. Enjoy the ever-growing selection of premium content from the internet through DivXHD.

### Sound Sync

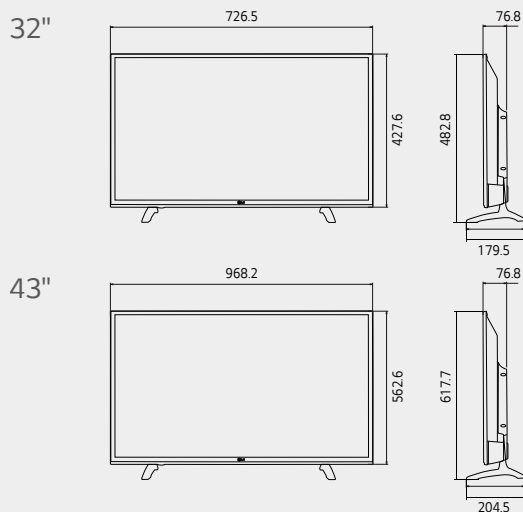

Use the convenient optic cable to connect LG speaker systems to the TV and enjoy an immersive audio experience.
