

LED LCD MONITOR

E2210PM

22"

E2210PM

LG's E10PM series monitors use significantly less power than conventional monitors, making them not only more environmentally friendly, but also cheaper to use. With a 5,000,000:1 DFC contrast ratio, HD resolution and built-in speaker, the E10PM series makes an ideal multimedia monitor. And with a tilt, swivel and height adjustable stand, it's flexible too.
