Stainless Steel

# OVER-THE-RANGE

## Convection Technology

With our convection microwave, you have all the convenience of a second oven. Now you can bake or roast all of your favorite foods in less time.

## Sensor Cook Technology

Senses humidity inside the oven and automatically adjusts cook time and power appropriately. Once your food is thoroughly cooked, the microwave shuts itself off, reducing the risk of under or over-cooking.

## Stainless Steel Interior

Not only does the stainless steel cavity add to the premium look of the oven, but the metal also conducts heat better than traditional painted metal microwave oven interiors.

### LMVH1750ST

CAPACITY	
Oven Capacity	1.7 cu.ft.
FEATURES	
Watts	MWO: 950, Convection: 1500
Exterior Design	Traditional
