

Stainless Steel

## ELECTRIC RANGE

### LG Kitchen Series LRE30955ST

#### Dual Convection System 30% Faster Preheat Time\*

This range has the fastest preheat time, you no longer have to wait 15 minutes when you are cooking your favorite foods.

#### LG Design

This range is comprised with an abundance of stainless steel for a striking presentation. The stainless steel backsplash, control panel, cooktop surface, door and handle all add to the contemporary and modern look.

#### Intelligent Control Center

This system provides information in an intuitive and vibrant way, making interactions with your appliance a delightful experience. The elegant SmoothTouch™ controls operate everything from cooking cycles and cleaning modes to temperatures. The intuitive layout of the surface elements, scrolling VFD display, and the pre-set favorite cycles offers users peace of mind and ease of use.

#### Largest Capacity with Stylish Blue Interior

The 5.6 cubic feet capacity provides ample cooking space for large meals.

#### WideView™ Window

With supersized window, you can easily check the progress of your meal no matter where it is placed in the oven without having to open the door.

\*Based on testing results comparing the standard LG convection range to the dual convection range (325°F) mode.

# ELECTRIC RANGE
