

FRONT LOAD WASHERS

WM2016C

Performance

- Super Capacity (3.6 cu.ft. IEC)
- Direct Drive Motor for the ultimate in durability and reliability
- 1050 RPM maximum spin for efficient water extraction

Intelligent Fabric Care

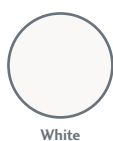

- SenseClean™ System for intelligent fabric care, water and energy efficiency
- 5 Washing Programs
- 5 Temperature Levels
- 4 Tray Detergent Dispenser
- Delay Wash by 12 hours for washing convenience

Style and Design

- Upfront Electronic Control Panel with Dial-A-Cycle™
- Silver Rimmed Door with Clear Glass
- Stackable with Matching Dryer
- Optional Drawer Pedestal

Environmentally Friendly

- LoDecibel™ Quiet Operation
- Highly Energy and Water Efficient

LG front load washers exceed Energy Star® classifications by a minimum of 39%.

FRONT LOAD WASHERS

Stackable or Side by Side?

Your Choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our 13.7" high drawer pedestals. It also doubles as a great place to store laundry products.

Electronic Control Panel with Dial-A-Cycle™

Intuitive controls allow you to "press and go".

Direct Drive Motor

Power is delivered right to the drum from the motor without belts, resulting in a highly durable, powerful and quiet washing machine.

SenseClean™ System

The water level and wash time are set automatically based on the weight and size of each load for optimal washing care.

LoDecibel™ Quiet Operation

Direct Drive and auto balancing reduced noise dramatically compared to conventional motors.
