- Built-in MPI Port
- First Use Wizard
- Remote Management of Television using Pro:Centric server
- Dynamic/Static Power Savings
- Multi IR Code Support

**b** Universal Pillow Speaker

LG's hospital grade TVs have a nurse-call interface on its wired universal pillow speaker control. This device allows the patient to communicate safely with the nurse station, and vice-versa while momentarily canceling the television audio to ensure clear communication. Hospital-grade televisions also provide electronic isolation to the pillow speaker control to ensure safety in a potentially oxygen-enriched environment.
