- **SPASH IMAGE ON START UP**
- **NEW! REMOTE MANAGEMENT OF TELEVISION SETTINGS USING Pro:Centric SERVER (PCS150R) OR FREE-TO-GUEST MANAGEMENT APPLIANCE (FMA-LG101)**
  (FMA management requires optional Z9 card)
- **REAL CINEMA™**
  - 2 HDMI™ INPUTS WITH HDCP
  - V.1.3 with deep color
- **2 YEAR LIMITED WARRANTY**
  (parts and labor)

---

**The estimated annual energy cost determined in accordance with 16 CFR Part 305.5 for models 37LD333H and 32LD333H are $18 and $14 respectively.**

"Your energy cost depends on your utility rates and use. The estimated cost is based on 11 cents per kWh and 5 hours of use per day. For more information, visit www.ftc.gov/energy."  

1FTC Television labeling rule [18 CFR Part 305, as added by 76 Fed. Reg. 1038 (Jan 6, 2011)].
EcoSmart
Dynamic Power Savings - Using built-in algorithms, the TV will automatically reduce the power consumption based on incoming video, while maximizing picture performance.
Static Power Savings - Picture brightness level can be set at the preferred power consumption level to reduce power and increase energy savings.

RoHS Compliant
Meets directive on restriction of hazardous substances.

LIFE’S GOOD... WHEN IT’S GREEN.

LG is committed to improving product development, manufacturing and usage to meet the demand for environmentally friendlier products.
The LD333H series has technologies to reduce power consumption and in return increase cost savings per room. We’ve also placed limits on the amounts of harmful materials used in these televisions.

Pro:Centric
Interactive Guestroom Experience
An industry leading Pay-Per-View (PPV) compatible television to include an embedded applications platform, LG’s new LD333H series allows hotelers to customize the innroom experience. Pro:Centric provides an easy way for the LD333H series to interface with interactive program guides, games and internet data feeds, as well as applications designed to connect guests to hotel services such as room service menus, spa services and golf course scheduling.

Pro:Centric PLATFORM*

Electronic Program Guide

Pro:Centric SYSTEM OVERVIEW (example for illustrative purpose only)

MPEG-4 TECHNOLOGY (Moving Picture Experts Group)
MPEG-4 decodes and delivers high-definition programming it receives via satellite. The advanced coding system is compatible with national and local HD channels, along with digital HD channels currently launched by satellite companies. LG built this technology into its LD333H series TVs to deliver pure HD without the need for an external box*.

* Certain functions, such as Pay-Per-View, may require a set-top box.

LG’S FREE-TO-GUEST COST EFFECTIVE SOLUTION
When using LG televisions in For Free-To-Guest hotel installations there are now two options for remote management of TV settings such as virtual channel mapping, cloning of installer menu settings, and other settings:
1. LG’s Pro:Centric server (PCS150R)
Both remote management options avoid having to visit rooms to change television settings, thereby saving labor charges to carry out this work.
2. b-LAN compatible with optional LMT7Z9 card, plus LG’s Free-To-Guest Management System (FMA)

FREE-TO-GUEST REMOTE MANAGEMENT DEVICES

PCS150R HEAD-END SYSTEM
Remote management functions also supported via the Pro:Centric server. The Pro:Centric Application software can be remotely added at a later date to deliver the benefits of LG’s Applications features (Weather, EPG, Billboards...)

FMA-LG101 HEAD-END SYSTEM
Manages channel lineup changes, channel label changes, designates a startup channel, cloning of commercial installer menu settings, and can set the time/date, and broadcast that information to all the terminals on a regular basis. Also, enables Pro:Idiom tuning for Pro:Idiom encrypted content.

Pro:Idiom
DIGITAL RIGHTS MANAGEMENT SYSTEM
The Pro:Idiom system’s high-quality security unlocks access to premium content availability to help assure rapid, broad deployment of HDTV and other high value digital content. Pro:Idiom has been designed specifically for industries that use premium HDTV content from cable, satellite or video on demand (VOD) services and as such, could result in lower costs, and reduced maintenance. This system is one of the leading DRM systems embraced by content providers for both of these key programming sources. By using this embedded approach, security is provided and helps eliminate the possibility of customers tampering with or removing needed components.
SHARPER
BRIGHTER
CLEARER

Six distinct processes contribute to picture improvement. LG’s XD Engine takes the low resolution of analog signals to near HD levels by improving brightness, contrast, detail and enhancing color as well as reducing signal noise.

Enjoy a combination of smart technology and stylish design with the invisible speaker system custom tuned by audio expert Mr. Mark Levinson. This unique system provides a clean, polished look and an enhanced auditory experience by increasing the sweet spot and providing a wider sound field.

USB cloning will allow for easy transfer of Commercial Installer Menu Settings from the “Master TV” to an unlimited number of same type televisions.

Mounting holes on stand for attachment to furniture (parts included, tools not included)

### BROADCASTING SYSTEM

- **Analog**: Yes
- **ATSC/CRTSC/Clear QAM**: Yes
- **VIDEO**: MPEG-2/4
- **Aspect Ratio**: 16:9
- **Aspect Ratio Correction**: 5 Modes
- **Just Scan 0% over scan**: Yes
- **HD/DVI Component**: HD/DVI
- **Enhanced Noise Reduction (Video/Noise filter)**: Yes, 3D NR/MPEG NR
- **Digital Comb Filter**: Yes [35]
- **Color Temperature Control**: 3 Modes (Medium, Warm, Cool)
- **Black Stretch**: Yes
- **24p Real Cinema**: Yes
- **Picture Reset/Initializing**: Yes
- **EZ Picture/PSM**: Yes (6 modes)
- **EzPcC (tuner color)**: Yes
- **DST Signal Strength Indicator**: Yes
- **Video Reset/initializing**: Yes
- **Audio**: Mono/Stereo/Dual (MTS/SAP)
- **Audio Output Power**: 10W x 2
- **Invisible Speaker System Details**: 1 Way 2 Speaker
- **Dolby Digital S T Decoder**: Yes
- **Surround System Type**: Infinite Sound
- **Input/Output**: Component 60f/30f/29f
- **DVI Audio Input**: 1
- **RS-232c In (Service Only)**: 1
- **USB 2.0 Input**: 1 (Side) Media Host (jpeg, mp3), Cloning, Service Remote Control Port out
- **MPL Port**: Yes
- **Language**: English/Spanish/French/Korean
- **Alin UI**: Yes
- **Commercial Function Menu**: Yes
- **Auto Tuning/Programming**: Yes
- **Channel Add/Delete**: Yes
- **Auto/Manual Clock**: Yes
- **On/Off Timer**: Yes
- **Sleep Timer**: Yes
- **Input Source**: Remote Control Yes
- **Cloneable**: Yes
- **USB input, opt. TLL-1100A**: Yes

### POWER

- **Voltage, Hz**: 100V - 240V, 50/60 Hz
- **Stand-by Mode**: Less than 1W
- **Dynamic/Static Power Savings**: Yes
- **Power Consumption (with Power Saving)**: Max. 150 [32"] 200 [37"]
- **Mode disabled**: Typ. 80 [32"] 90 [37"]
- **RoHS Compliant**: Yes
