2021 LG gram for Business: 15.6-inch Quartz Silver

This 2021 LG gram features ab 11th Gen Intel® processor and Intel® Iris Xe Graphics

15Z90P-N.APS3U1

	Windows 10 Pro (64bit)
	Intel 11th Gen i5 2.4 GHz (Turbo up to 4.2 GHz)
	8 GB System Memory
	256 GB SSD (M.2 2280)
	15.6" FHD (1920x1080) IPS Display
	sRGB 99% Color Gamut
	Intel Iris Xe Graphics
	Trusted Platform Module (TPM) Security
	HD Webcam with Dual Microphone
	Dedicated Numeric Keypad
	Ultra-thin 0.69" Thickness
	Extremely Light 2.47 lbs.
	Tough MIL-STD-810G Compliant

G Business Solutions

Combining a tough, lightweight magnesium alloy body with an ultra-thin form factor, excellent performance and great battery life, The new LG gram is the ultimate tool for the business traveler. This LG gram has been redesigned with 11th Gen Intel processors, narrower bezels on all four sides, a 16:9 aspect ratio while retaining its powerful 80 Wh battery.

Light Weight

The LG gram 15.6-inch laptop offers awesome screen size without the weight. With gram's innovative design and construction, this laptop weighs just 2.47 pounds, so it's easy to take anywhere.

Tough & Low Profile

The sleek metal alloy body of the LG gram combines advanced nano carbon with magnesium to create a light weight yet durable housing for the computer that's still beautifully thin at 0.69" thick.

Multiple Ports Including Thunderbolt[™] 4

Connect it all with gram's host of popular ports. Gram's Thunderbolt[™] 4 adds faster data transfer plus smoother display of 4K/5K video, and the HDMI port lets gram connect easily to virtually all types of high-definition displays.

Long-Lasting Battery

Portability is a function of battery life in addition to size and weight, and this LG gram has been designed to keep going with up to 21 hours of power* to hit deadlines and keep streaming long after others have quit.
