Features

POWERFUL MULTITASKING WITH CURVED ULTRAWIDE

This 35-inch 21:9 Curved UltraWide™ monitor with QHD has about 3 times more workspace compared to a 16:9 Full HD monitor. You can run various programs simultaneously on a single screen - seamlessly edit of several clips of video footage while viewing all timelines, or tackle web programming while simultaneously editing and check test pages.

DRAMATIC HDR10 COLORS AND CONTRAST

The 35BN75C-B offers vibrant color reproduction with support of HDR10. With HDR10, this UltraWide™ monitor's sRGB 99% color gamut delivers a vibrant visual experience.

ONE CLICK STAND FOR EASY INSTALLATION

If you are looking an easy-to-use design, this monitor is a must-have. Install your monitor with just one-Click into the stand - no tools required! And you can adjust the monitor's height and tilt to customize your workspace.

ON-SCREEN CONTROL

On-Screen Control puts a host of essential monitor settings into a handy window for quick, easy access. Volume, brightness, picture mode presets, Screen Split 2.0 and Dual Controller and more can now be adjusted with just a few clicks of the mouse.

BLACK STABILIZER AND DYNAMIC ACTION SYNC

LG's Black Stabilizer senses dark scenes and helps make it brighter so that you can find the enemies hiding and waiting to attack your player in the dark. Dynamic Action Sync minimizes input lag so the game play can be more responsive.

Specifications

35" Curved UltraWide™ QHD (3440x1440) VA Display

3-Side Virtually Borderless Design
