

4K UHD Laser CineBeam Projector

HU85LS

KEY FEATURES

- Up to 120" Screen**
- 4K UHD (3840 x 2160)**
- Laser (20,000 hour Lamp Life)**
- 2700 ANSI Lumens**
- HDR10 High Dynamic Range Video**
- Advanced Edge Adjustment (12 point Warping)**
- Dolby Atmos® Compatible**

The HU85LS has an Ultra Short Throw that allows it to be at the front of a room like a TV while delivering up to 120" screen size. Unlike conventional projectors that make three colors with one light source, the HU85LS adopts 3-channel laser technology to create RGB color via different light sources. Because of this, the HU85LS has no color wheel, so it significantly reduces "rainbow" effects that can be experienced by conventional projectors.

Ultra Short Throw

With the HU85LS's advanced Ultra Short Throw, you can enjoy a 90-inch cinematic screen by placing it just 2 inches away from the wall. And for a 120-inch screen, it only needs to be 7.2 inches from the wall

Smart Connection

This device provides convenient wireless functionality for collaborative meetings such as screen sharing through wireless mirroring and Bluetooth sound out. You can also browse the internet through the webOS 4.5 web browser.

2,700 ANSI Lumens

The CineBeam provides brightness that delivers bright and clear images with 4K Ultra HD resolution. With 2,700 ANSI Lumens and HDR10 picture quality, viewers can experience immersive presentation experiences.

20,000 Lifetime Hours

The HU85LS projector uses a powerful laser diode that displays bright images and lasts up to 20,000 hours. If you play videos on this projector 8 hours a day, then the laser diode would last for 7 years. No more replacing expensive projector bulbs!

Specifications: 4K UHD Laser CineBeam Projector – HU85LS

PROJECTION SYSTEM	Display Type	DLP
	Native Resolution	4K UHD (3840 x 2160) ³⁾
	Screen Size	90"-120"
	Projection Image	Set to wall: 100" image @ 3.94" Standard: 100" image @ 16.53"
	Aspect Ratio	16:9/Original/4:3/Vertical Zoom/All-Direction Zoom
	Zoom	Fixed
	Brightness	2700 ANSI Lumens*
	Contrast Ratio	2,000,000:1
	Lamp Type	Laser (B LD, R LD, B LD+S/P)
	Lamp Life	20,000 Hrs
	Noise (Economic / Normal / High Brightness)	<26dBA / <28dBA / <30dBA
