

### User Manual

## Electric Vehicle Charger (Settings Guide)

After reading the user manual, store it in an accessible place for easy reference.

EVW011SK-SN EVW011SK-SR

### SYSTEM SETTING SCREEN

- 1 Launch the Charger Settings app. (Compatible version: iOS 15 or above, Android 10 or above)
- 2 When the password input window appears on the Charger Settings app, enter the set password. (The initial password is 000000, and you can change it through password change.)
- 3 Go to the charger settings system screen.
