

LG Dual Screen™

Dual Screen Design

- **Compatible with the LG G8X ThinQ™¹**
- **360° Freestop Hinge** – pivot the screen to any angle to use in laptop mode, stand mode, or tent mode
- **Display** – 6.4"² FHD+ OLED (2340 x 1080, including notch); 403 ppi
- **G8X ThinQ Size & Weight** – 6.27" (H) x 2.98" (W) x 0.33" (D), 6.79 oz.
- **Dual Screen Size & Weight** – 6.53" x 3.33" x 0.59"; 4.90 oz.
- **Combined Weight** – 11.68 oz.

¹ Available Separately.

² Actual viewable area is less due to rounded corners and notch.

Dual Screen Features

- **LG Game Pad** – second screen doubles as a virtual joystick or game controller for mobile gaming*
- **Dual Mirror Mode** – use second screen as a live viewfinder when taking photos
- **Cover Display** – view time and notifications when the device is folded
- **LG Smart Keyboard** – use as an edge-to-edge keyboard for an on-the-go mini laptop
- **My Pick App** – keeps most-used apps open on second screen
- **Magnetic USB-C Charging Adapter** – charge the LG G8X ThinQ device without removing from the Dual Screen

* Compatible with games that support Bluetooth® controllers.
