

Sheer power. Versatile performer.

LG eXpo™

A combination of pure power and full features.

- The LG eXpo brings powerful computing and exciting multimedia features together in a versatile, innovative design.
- From the engaging and intuitive user interface and sliding QWERTY keyboard to the 5.0 MP autofocus camera and simultaneous access to multiple applications, this is the new must-have in mobile productivity.

The applications you want and need at your fingertips.

- Get everything you need with easy access to thousands of applications.
- Work efficiently with pre-loaded Microsoft Office® applications like Word®, Excel®, PowerPoint®, email and calendar.

Your personal presentation station.

- Hold meetings anywhere as you project images, video and Web pages up to a 40" screen size onto any surface with the first smartphone in the U.S. to add an integrated Pico Projector (sold separately).

Secure and simple.

- Work smartly and securely with the LG eXpo, the first smartphone to offer an innovative fingerprint sensor for 5-way navigation and added security.

- Scroll quickly through long lists of contacts and navigate menus and applications, including the browser, using the media-rich 3D user interface with a customizable 3D graphic touch menu.
- Protect sensitive email and other personal information with biometric security that can only be unlocked with your unique fingerprint.

Blazing speed.

- Easily access multiple applications simultaneously without sacrificing performance with the first smartphone in North America built around the new Qualcomm 1 GHz processor, the most powerful processor available.
- Run applications, surf the Web and receive email – all while on a call, because the LG eXpo allows you to access voice and data at the same time.

Integrated productivity.

- Work all across the nation with access to thousands of AT&T Wi-Fi Hot Spots, providing Internet access at broadband speeds.
- With integrated GPS, the LG eXpo will get you where you need to go with turn-by-turn directions from AT&T Navigator™ (sold separately).

Multi-tasking master

The LG eXpo works overtime with access to thousands of applications, a 5.0 MP camera and more.

IMPORTANT INFORMATION: Coverage not available in all areas. Limited time offer. Other conditions and restrictions apply. See business/service agreement, rate plan brochure(s), and coverage map(s) for details. Equipment price & availability may vary by market and may not be available from independent retailers. Up to \$36 activation fee applies. Smartphone Data Plan Required. If it is determined that you are using without a Smartphone Data Plan, AT&T reserves the right to add a Smartphone Data Plan to the account and bill the appropriate monthly fee. Certain benefits and service features may require you to purchase additional hardware and/or software, obtain a network connection and/or pay monthly access and/or per use charges. Subscriber must live and have a mailing address within AT&T's wireless owned network coverage area. Availability, speed of delivery and timeliness of information is not guaranteed. Terms of service will vary based on selected service plans. Specifications subject to change. **Early Termination Fee:** None if cancelled in the first 30 days, but up to \$35 restocking fee may apply to equipment returns; thereafter up to \$175. Some agents impose additional fees. **Unlimited voice services:** Unlimited voice services are provided primarily for live dialog between two individuals. No additional discounts are available with unlimited plan. **Offnet Usage:** If your minutes of use (including unlimited services) on other carrier's networks ("offnet usage") during any two consecutive months or your data use during any month exceeds your offnet usage allowance, AT&T may at its option terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime minutes included with your plan (data offnet usage allowance is the lesser of 24 MB or 20% of the MBs included with your plan).
