Text and Picture Messaging

When you need to communicate privately and quickly, use text messaging. Send text messages to other wireless phones and email addresses.

1. With the phone horizontal and the slide open, press the Key.
2. Enter your message with the keyboard and tap Send To.
3. Select contacts by tapping the checkbox by their names. To enter a number or email address or to adjust other options, tap . When you are ready, tap Send.

Insert a Picture

1. Once you have created a message, tap Insert.
2. Tap Picture, and then tap the thumbnail of the picture you would like to attach. Tap OK.
3. Tap Send To and follow the instructions from Step 3 above.

*Press and hold the Volume Down Key to toggle Vibration Mode on and off.

Please don’t text and drive.
AT&T Mobile TV

Catch up on your favorite TV programs while on the go! Watch full-length shows from CBS, Comedy Central, ESPN, FOX, NBC, MTV, and Nickelodeon right on your mobile phone.

1. From standby mode and with the slide closed, tap 📻 > TV.
2. Rotate the phone horizontally and watch the introductory video clip. (Plays the first time you access Mobile TV only.)
3. Tap the Subscribe Now option.
4. Review the package information and tap Continue.
5. If you agree to the terms and conditions, tap Agree.
6. To confirm your subscription, tap Submit.
7. Tap Close to skip the channel changing tip and access Mobile TV.
8. Tap Program Guide to change the channels.

AT&T Mobile TV is only available in the AT&T Mobile TV coverage area. For more information on AT&T Mobile TV, go to att.com/mobiletv.

Mobile Email

Carry your email inbox in your pocket! With Mobile Email 3.0*, you can access numerous providers, including AT&T, AOL®, Yahoo!®, Gmail™, and Windows Live™.

1. With the phone horizontal and the slide open, press the @ Key.
2. Tap the name of your email provider. The steps that follow will vary depending on your provider.
3. You may be asked to accept terms of service and/or to select your email domain. Follow the on-screen instructions.
4. Enter your email address and password with the QWERTY keyboard.
5. Tap Sign In.

*Mobile email requires a subscription to a monthly service plan.

All providers may not be available on all devices. Yahoo! and the Yahoo! logo are trademarks and/or registered trademarks of Yahoo! Inc. AOL, America Online, and the Triangle Logo are registered trademarks of America Online. Windows Live and the Windows logo are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries. Gmail is a trademark of Google Inc.

*Mobile email requires a subscription to a monthly service plan.
AppCenter

Whether you’re into the latest hits or the classics, let your phone reflect your style with downloadable ringtones, Answer Tones, and graphics. Or entertain yourself with the most popular downloadable games and applications—all from the AppCenter.

Access AppCenter

1. From standby mode and with the slide closed, tap > AppCenter.
2. Once connected, select the category you want to view to browse content. Follow instructions to purchase the desired item.

Access Applications

1. From standby mode and with the slide closed, tap > Applications.
2. From here, you may access applications or tap Shop Applications to purchase new ones from the AppCenter.

Mobile Web

Browse the web directly from your mobile phone! Check the weather, visit your favorite websites, and enjoy access to the Internet on the go!

1. With the phone horizontal and the slide open, press the Key.
2. To visit a particular website, tap the address bar at the top of the screen, enter the web address with the QWERTY keyboard, and press the Key.
3. Tap Options > Go to Bookmarks to access your list of favorite sites. To add a site to the list, tap Options > Add to Bookmarks.
AT&T Mobile Music

AT&T Music provides the ultimate music experience. Listen to your favorite music, watch the latest music videos, and stay in the know with music news and more.

1. From standby mode and with the slide closed, tap > AT&T Music.
   - Listen to your music with the integrated Music Player. Access your music by artist, album, genre, or playlist.
   - Browse and select music from digital music stores, such as Napster Mobile® and eMusic Mobile®, with Shop Music.
   - Instantly find out the artist’s name and the title of a song with MusicID 2.
   - Get unlimited access to commercial-free music and the latest hip-hop, R&B, rock, jazz, and country anywhere you go with XM Radio.
   - Access music videos from the latest artists with Music Videos.
   - Sync your phone with the music collection on your PC with Music Sync.
   - Purchase additional fun music applications by going to Music Apps.
   - Visit one or more hot user communities by going to Community. Interact with friends and the community as well as review artist fan sites.

AT&T Navigator

AT&T Navigator will help you reach your destination with GPS-enabled directions. Get where you’re going, whether it’s across town or across the country.

To Start AT&T Navigator

1. From standby mode and with the slide closed, tap > AT&T GPS > AT&T Navigator.
2. Scroll down and tap Accept to accept the terms and conditions. Tap Login, read the warning, and tap Agree to continue. You may then choose to view a tour of the AT&T Navigator features.

Navigator Options

• Drive To – Select your destination.
• Search – Find your favorite location.
• Maps & Traffic – Get the latest local traffic and map information.
• Tools & Extras – Learn more about Navigator and set your profile preferences.

For more information, visit att.com/navigator.
Download Music

Personalize your phone with downloadable music. AT&T gives you access to the latest songs and hottest artists right on your phone. Begin customizing your phone today!

1. From standby mode and with the slide closed, tap > > AT&T Music.
2. Tap Shop Music.
3. Browse the music catalog to find the item you want to purchase, and then follow the on-screen prompts to download the song to your phone.

Video Share™

Share events the moment they happen. Video Share lets you stream live video directly to friends and family.

Making a Video Share Call

1. From the home screen, tap and dial the 10-digit number of another 3G Video Share capable device.*
2. Once the call is answered, tap Video Share Ready when it appears.
3. You may share live or recorded video. Tap Live.

Accepting a Video Share Call

1. When a caller initiates Video Share, their name or number will appear in an invitation on your screen.
2. Tap Accept, and the Video Share session will begin automatically.

To end a Video Share session, tap Stop.

*Video Share is not available in all markets. Both parties must be in a 3G service area—a 3G icon must appear by the signal bars prior to a call being placed, and both parties must remain in the 3G coverage area for the duration of the Video Share session.

External memory card is suggested. microSD card is sold separately. Go to att.com/wireless to purchase accessories.
Mobile Video

Watch clips from your favorite news, comedy, and other media publications. Catch the highlights with Mobile Video!

1. From standby mode and with the slide closed, tap \( \text{Mobile Video} \).
2. Touch \text{Play} beside a video clip to watch the corresponding video.
3. Rotate the phone horizontally to view the video at a larger size.

Camera

Capture those special moments right from your phone, and then edit your photos for a custom feel. It's easy.

1. From standby mode and with the phone horizontal, press the \( \text{Key} \).
2. Tap the screen to access camera settings.
3. Press the \( \text{Key} \) to take the picture.
4. Tap \( \)
5. Tap \( \) and choose from the available options.
6. Drag your finger along the screen to select the area you wish to crop. When you’re finished, tap \( \).
7. You may save your photo as a new file or update your existing photo. Tap \text{Update Existing}. 
AppCenter

Whether you’re into the latest hits or the classics, let your phone reflect your style with downloadable ringtones, Answer Tones, and graphics. Or entertain yourself with the most popular downloadable games and applications—all from the AppCenter.

Access AppCenter
1. From standby mode and with the slide closed, tap > AppCenter.
