2. Press  > **Edit contact**.
3. Touch **Done** to save your changes.

## Back Up Contacts

1. From the Contacts screen, press  > **More**.
2. Touch **Import/Export** > **Export to SD card**.
3. Touch the contacts you wish to export, or press  > **Select all**. Touch **Done**.
4. Touch **OK**.

Add shortcuts, favorites, apps, and widgets to your choice of five or seven home screens, and add live wallpaper for a moving, interactive background. Organize your Optimus U to fit your lifestyle!

## Add Home Screens/Widgets

1. From the Home screen, press  > **Home settings**.
2. Touch **7** > **OK**.
3. Swipe to an empty home screen and then press and *hold* an empty part of the screen.
4. Touch a category, and then select an item from the list.

## Change Wallpaper

1. From the Home screen, press  > **Wallpaper**.
2. You may set wallpapers, your own photos, or live wallpapers as your background. Touch **Wallpaper gallery**.
3. When you find wallpaper you like, simply touch **Set wallpaper**.

Adjust sound settings and make your Optimus U suit your style with unique ringtones for incoming calls and notifications.

1. From the Home screen, press  > **Settings**.
2. Touch **Sound**.
  - Under **General**, you may adjust silent mode, vibrate mode settings, and ringtone, media, and alarm volumes.
  - Change phone and notification ringtones under **Incoming calls** and **Notifications**.
  - Under **Feedback**, you may adjust dial pad sounds, choose to hear sound when making selections or unlocking the touch screen, and enable or disable haptic feedback.

In addition to providing mobile access to your Gmail inbox and syncing your Gmail contacts, setting up a Google™ account on Optimus U will allow you to take advantage of many of your phone's other great features, such as Google Talk™ and Android™ Market.

### Sign in to a Google Account

1. From the Home screen, touch the **Launcher icon**  > **Gmail**.
2. Read the information and touch **Next** to continue.
3. Touch **Sign in**. (You may also create a Google Account if you don't yet have one. Just touch **Create** and follow the on-screen steps.)
4. Enter the username and password associated with your Google Account and touch **Sign in** again.
5. Touch **Finish setup**.
6. Once syncing is complete, touch **Gmail** to access your inbox. Touch an email to read it, or press  for more options.

Leave your laptop at home—Optimus U provides support for Exchange accounts and a variety of POP3/IMAP accounts.

1. From the Home screen, touch **Email**.
2. Enter your email address and password, and then touch **Next**.
3. Some popular email services will prompt you with customized setup prompts. For all other accounts, you must choose whether you're setting up a POP3, IMAP, or Exchange account. Steps may vary from this point depending on which account type you choose.
4. To set up an Exchange account, you'll need to enter your company's domain, password, and server address. (Consult your IT department for more information.) When you're ready, touch **Next**.
5. Adjust your account options and then touch **Next**.
6. You may rename your account. Touch **Done**.

With thousands of apps available in Android Market, you're sure to find just the right one for every need. Find apps for organization, shopping, communication, and more, or download a game to enjoy a little downtime.

1. From the Home screen and with a Google Account already set up on your phone, touch the **Launcher icon**  > **Market**.
2. Read the Terms of Service and touch **Accept**.
3. You can browse featured apps, select a category, or search for an app. To search, touch the **Search icon** , enter the search term, and touch the **Search icon**  again.
4. Touch an app to view details.
5. Touch **Buy** (paid apps) or **Install** (free apps). (To purchase a paid app, you'll need to set up a payment method with Google Checkout™.)
6. Read the application access information and touch **OK**.
7. Once the app has been downloaded and installed, you can find it in the Downloads section of the Launch Screen.
