Transferring Music

Ready to turn your phone into a music machine? Load up the UX260 with your favorite songs using an optional 4GB microSD card.* Store up to approximately 960 songs!

1. Insert your microSD card into the memory port with the gold contacts facing down.
2. The first time you transfer music, you must format the card. Press the **Left Soft Key** for **Menu**, then select **Settings (9) > Memory (8) > Card Memory (3)**.
3. Press the **Right Soft Key** for **Format**, then select **Yes (1)**.
4. Press **OK**, then **BACK**.
5. Select **PC Connection (6)**, then **USB Mass Storage (2)**.
6. Connect a USB cable* from the phone to your PC.
7. The PC will recognize the phone as a **Removable Disk** and a screen will appear. Drag and drop music files on your PC into the **My_Music** folder.
8. When you are finished, disconnect the phone.

**Sold separately.*

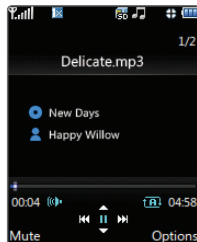

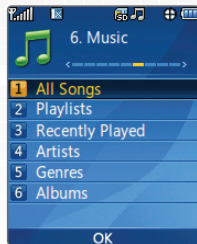

Playing Music

Rock out when you're on the go! With the UX260's built-in music player, you can listen to music anytime, anywhere.*

1. Insert a microSD card containing music with the gold contacts facing down.
2. Press the **Left Soft Key** for **Menu**, then select **Music (6)**.
3. Choose a category, then press **OK**.
4. Select the song you want to hear and press **OK** to begin playing it.
5. Use the side **Volume Keys**  to adjust the volume when a song is playing.
6. Press **◀** or **▶** on the Navigation Key to go to the previous/next song. Press **▲** or **▼** to view your song list.
7. Press **END** to exit the music player.

**microSD card required. Sold separately.*

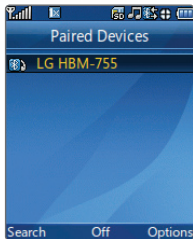

Bluetooth® Pairing

Ready to take your phone to the next level? Now you can with Bluetooth. Connect to headsets, speakers, and more without even using a cable or cord.

1. Set your Bluetooth accessory into pairing mode.*
2. Press **up** on the Navigation Key for Bluetooth, then select **Paired Devices (1)**.
3. Press the **Left Soft Key** for **Search**. When prompted to turn on Bluetooth, press **OK**.
4. Press **OK** to begin a new search.
5. Once the Bluetooth device has been found, highlight it and press **OK**.
6. Enter the passcode* (typically “0000” – 4 zeroes) and press **OK**.
7. Press **OK** to connect with the device.

**Refer to your Bluetooth accessory's user manual for information about initiating pairing mode and the passcode.*

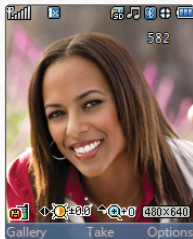

Taking a Picture/Recording a Video

You'll always be ready for the action with the UX260. The 1.3 megapixel camera and camcorder let you instantly capture the world around you.

1. To take a picture, press and *hold* the side  **Key**.
To record a video, quickly press  and select **Record Video (2)**.
2. Press **left** or **right** on the Navigation Key to adjust the brightness and **up** or **down** for zoom.* Press the **Right Soft Key** to adjust other camera/video options.
3. Press  to take the picture or start/stop recording.
4. To send your picture/video, press .

**Camera setting of 1280x960 pixels does not support zoom function.*
