Using Voice Commands

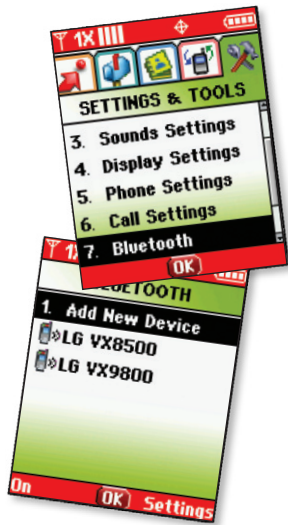

Getting to Know Your Phone

Bluetooth® Pairing

Enjoy hands-free communication in the car, office or at home with a Bluetooth enabled headset or Portable Accessory (Style-i). Get wire-free convenience up to 30 feet away.

1. Set your Bluetooth accessory into pairing mode.
2. Press **OK**, then press **right** on the Navigation Key twice to access the **SETTINGS & TOOLS** menu.
3. Select **Bluetooth** (7), then **Add New Device** (1).
4. If Bluetooth is set to off, you will be prompted to turn power on. Select **Yes** (1) and press **OK**.
5. The phone will now search for the accessory. Once found, highlight it and press **OK** for **Pair**.
6. Enter the passkey (typically "0000" - 4 zeroes) and press **OK**. If you don't know the passkey, please consult the user manual of the device you are trying to pair.

Bluetooth accessories sold separately. For vehicle/accessory compatibility, go to www.verizonwireless.com/bluetoothchart.

Note: You can save up to 20 Bluetooth pairings.

Sending a vCard

Sharing contact information made easy, send a vCard (electronic business card) to easily transfer names and phone numbers to a vCard-supported mobile phone or device via Bluetooth technology.

1. Press **OK**, select **My Name Card** (5).
2. Press **OK** to edit your contact information. Press **OK** for **Save**.
3. Press **Right Soft Key** for **Options**, then **Send Name Card** (1).
4. If Bluetooth is off, select **Yes (1)** and press **OK**.
5. The **Bluetooth** menu will appear. Select a paired device from the list and press **OK** to send.

The VX5300 does not support ALL Bluetooth OBEX profiles.

Note: Received vCard information will be stored under contacts.

Taking a Picture

You won't miss any of the action with the VGA camera and flash. Capture photos live and share them all instantly with family and friends via PIX Messaging.

1. Press the side  **Key** to activate camera mode.
2. Press **up** or **down** (then **left** or **right**) on the Navigation Key to adjust brightness. Press **left** or **right** to zoom. Press the **Right Soft Key** to adjust camera options. To turn on the flash, press the side  **Key** located below the volume keys.
3. Press **OK** to take a picture.
4. Press the **Left Soft Key** for **Save** or **OK** for **SEND**.

Taking a Self-Portrait

1. To take a self-portrait with the flip closed, press and *hold* the side  **Key** for about 2 seconds.
2. Press **up** or **down** on the side **Volume Keys** to adjust the brightness.
3. Press the side  **Key** to take a picture.

Note: Captured photos are stored in **My PIX**.

Using Voice Commands

Because it's LG, you know you'll be looking good, but you'll feel even better with the safety and convenience of Voice Command.

1. Press the side **Voice Command Key** .
2. You will be asked to "Please say a command."
Clearly speak a command from the list:
 - (1) **Call <Name or Number>** dial a phone number by speaking the digits or contact name.
 - (2) **Send Msg to <Name or Number>** send a TXT Msg or PIX Msg to a contact or number.
 - (3) **Go to <Menu>** quickly access menus from the list of options.
 - (4) **Check <Item>** check out a wide range of items: Phone Status, Voicemail, Messages, Missed Calls, Time, Signal Strength, Battery and Volume.
 - (5) **Lookup <Name>** look up names in your contacts.
 - (6) **My Account** access your Verizon Wireless account information.
 - (7) **Help** general guidelines to using Voice Commands.
