Getting to Know Your Phone

*Customizable

Using the Touch Screen

Touch Protection

The touch screen is automatically locked when the slide is closed or after the phone is inactive for the time period you set for display backlight (default is 7 seconds).

Unlocking the Touch Screen

- **Slide Closed (3 ways):**
 - Press the **MUSIC** Key (located on the right side of the phone).
 - Tap the  icon (when you receive an incoming call, missed call, voicemail, or text message).
 - Slide open the phone.
- **Slide Open:** Press any key.

Using the Touch Screen

- Use the tip of your finger to touch the center of a touch key.
- It's not necessary to press hard. A light tap will do.

Touch Screen Settings

- Tap **Menu**, select **Settings & Tools (6)**, then **Touch Keypad (8)** to turn the touch screen's sound and vibration on or off.

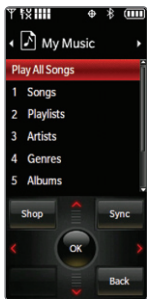

Getting Music

Walkin', talkin', rockin'. Transform your wireless phone into a portable music player, then expand your collection with the Verizon Wireless music catalog. Choose from over 2 million songs!

V CAST Music

1. Press the **MUSIC** Key.
2. Tap **Shop** to access V CAST Music.
3. Select a song from one of the categories and tap **OK** to purchase it.
4. Tap **OK** to confirm purchase.
5. Tap **OK** again to download the song. Downloaded songs are stored in **My Music**.

Note: Refer to the User Guide or Quick Reference Guide for instructions on how to sync music from PC to phone.

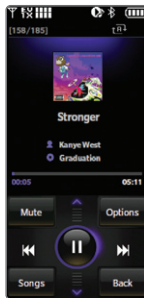

Playing Music

Don't miss a beat with a built-in music player. You can store tons of music on an optional microSD card* and even listen to them in stereo sound through a Bluetooth headset!

1. Press the **MUSIC** Key.
2. Scroll to desired song and tap **Play**.
3. Use the **Left/Right Arrow** Keys to adjust volume when a song is playing.
4. Tap **Options**, then select:
 - **Exit Player (2)** to exit the music player.
 - **Sound Effect (5)** to try different sound effects.
 - **Music Only (6)** to turn off radio frequency except for Bluetooth. Music Only Mode should be used in places where RF is prohibited, such as aboard airplanes and in hospitals.

**Sold separately.*

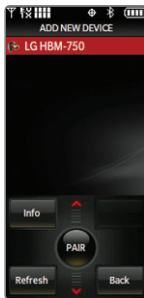

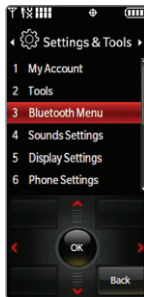

Bluetooth® Pairing

Enjoy hands-free entertainment and communication in the office or at home with Bluetooth accessories, like a Bluetooth stereo headset for listening to music. Get wire-free convenience up to 30 feet away.

1. Set your Bluetooth accessory into pairing mode*.
2. Tap **Menu**, select **Settings & Tools (6)**.
3. Select **Bluetooth Menu (3)**, then **Add New Device (1)**.
4. If Bluetooth is set to off, you will be prompted to turn it on. Select **Yes** and tap **OK**.
5. Tap **OK**, and the phone will now search for the accessory. Once found, highlight it and tap **Pair***.
6. Tap **OK** to connect with the device.

**Refer to the user manual of your Bluetooth accessory to activate pairing mode and for the passcode if asked (typically "0000" - 4 zeroes). If the accessory supports the headset/hands-free profile, your phone will automatically pair for you without having to input the passcode.*

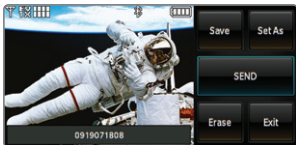

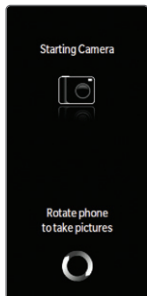

Note: Bluetooth accessories sold separately.

Taking a Picture/Recording a Video

Shooting photos on-the-fly has never been easier with the 2.0 megapixel camera. When you need to capture all the action, get it with live video and share it all instantly with Picture/Video Messaging.

1. To activate camera mode: Press the  **Key**.
To activate video mode: Press and *hold* the  **Key** for 2 seconds.
2. Rotate phone counter-clock wise.
3. Use the   **Keys** to zoom (camera mode) or adjust brightness (video mode). Tap **Options** to adjust other camera/video options.
4. Tap **Take** or **Record** to take a photo or record a video.
5. You can save, send or erase the photo/video.
