

LG V60 ThinQ™ 5G | DualScreen

LG Dual Screen™ SPECIFICATIONS & FEATURES

Dual Screen Design

Get the power of two screens with the freedom to choose one. Attach the second screen when you want to multi-task or detach to go minimal.

- **Compatible with the LG V60 ThinQ 5G¹**
- **360° Freestop Hinge** – pivot the screen to any angle to use in laptop mode, stand mode, or tent mode
- **Display** - 6.8" FHD+ OLED (2460 x 1080); 395 ppi
- **V60 ThinQ Size & Weight** - 6.67" (H) x 3.06" (W) x 0.35" (D), 7.54 oz.
- **Dual Screen Size & Weight** - 6.93" (H) x 3.39" (W) x 0.59" (D), 4.73 oz.
- **Combined Weight** - 12.27 oz.

¹ Available Separately.

² Actual viewable area is less due to rounded corners.

Dual Screen Features

Enjoy virtually endless ways to multi-task, watch,¹ game, work and play across two screens.

- **LG Game Pad** – second screen doubles as a virtual joystick or game controller for mobile gaming²
- **Dual Mirror Mode** – use second screen as a live viewfinder when taking photos
- **Cover Display** – view time and notifications when the device is folded
- **LG Smart Keyboard** – use as an edge-to-edge keyboard for an on-the-go mini laptop
- **My Pick App** – keeps most-used apps open on second screen

¹ Simultaneous multi-tasking subject to streaming app compatibility.

² Compatible with games that support Bluetooth™ controllers.
