LG Channels offers a wide selection of premium live and on-demand programming, including movies, TV shows, news, sports, children’s programs and more. LG smart TV owners can easily discover their favorite programs by launching the LG Channels application on their LG TV's webOS platform.

Here’s a look at LG Channels’ newest additions this month:

New to LG Channels in the United States

FOX Soul (Channel 403) (FOX News Media) – FOX SOUL is a live streaming channel dedicated to the black culture, but consumable by all. The programs aim to entertain, educate & inspire with authentic conversations from the many diverse voices within the Black community.

The Rifleman (Channel 104¹) (FilmRise) – The classic, action-packed Western series about a dedicated rancher raising his son in the turbulent and untamed New Mexico Territory. Their adventures are filled with rousing, two-fisted action, set against sweeping, beautiful and authentic locations.

New to LG Channels Video-On-Demand

Charlie’s Angels (2000) – They're beautiful, they're brilliant, and the Angels are always ready to work for Charlie. In a high-octane update of the original 1970s TV series, the P.I. trio of Natalie (Cameron Diaz), Dylan (Drew Barrymore), and Alex (Lucy Liu), alongside faithful lieutenant

Bosley (Bill Murray), must foil an elaborate murder-revenge plot that could not only destroy individual privacy worldwide but also spell the end of their boss Charlie.

Charlie's Angels: Full Throttle – Natalie, Dylan and Alex reunite to go undercover in search of two missing silver bands. They're no ordinary wedding rings. They contain encrypted information that reveals the new identity of every person in the federal Witness Protection Program. When witnesses start to turn up dead, only the Angels can stop the perpetrator, using their expertise as masters of disguise, espionage and martial arts.

Groundhog Day – Snowed in during a trip to Punxsutawney, Pennsylvania, to cover the annual Groundhog Day festivities, television weatherman Phil Connors (Bill Murray) finds himself stuck in time, endlessly repeating February 2. His world is inhabited by the same people every day, but they don't know Groundhog Day is repeating itself. That gives him a certain advantage: He can find out what a woman is looking for in a man, and then the "next" day behave in exactly the right way to impress her. Luckily there is a woman close by to practice on. She's Rita (Andie MacDowell), Phil's long-suffering producer who has had to put up with his tantrums, demands and surliness. Gradually Phil can see the error of his ways and improve his behavior until, finally, a Groundhog Day dawns when she finally likes him.

Moneyball (2011) – Based on a true story, Brad Pitt stars as Billy Beane, the general manager of the Oakland A's who assembles the team and has an epiphany: All of baseball's conventional wisdom is wrong. Forced to reinvent his team on a tight budget, Beane will have to outsmart the richer clubs. The onetime jock teams up with Ivy League grad Peter Brand (Jonah Hill) in an unlikely partnership, recruiting bargain players that the scouts call flawed, but all of whom can get on base, score runs and win games.

Visit the LG Channels Home App for more free on-demand titles available this month including, "Saving Silverman," "Starship Troopers," "The Last Boy Scout" and more. Here you'll also find the return of fan favorites like "Ace Ventura: Pet Detective," "Ace Ventura: When Nature Calls," "Yes Man" and "Murder by Numbers."
