

FOR IMMEDIATE RELEASE**LG LAUNCHES 2020 GRAM LAPTOP COMPUTERS**

*Light Weight and Long Battery Life Combine with High Performance,
Continue LG gram's Critically-Acclaimed Tradition*

ENGLEWOOD CLIFFS, N.J., Feb. 25, 2020 — LG Electronics USA announced immediate availability of the full line of 2020 **LG gram** laptops at LG-authorized dealers nationwide. Led by the CES® 2020 Innovation Award-winning 17-inch LG gram 17, the 2020 line features long-lasting battery life and light-weight portability while delivering enhanced performance proving that portability, performance and battery life can coexist in a laptop.

The 2020 laptops – 17-inch model 17Z90N, 15-inch model 15Z90N, and 14-inch models 14Z90N and 14T90N – all feature the latest 10th Generation Intel® Core™ processor with Iris® Plus graphics and up to 16GB of dual-channel DDR4 memory. With twice the graphics processing power of last year's models, the 2020 LG grams deliver a smoother, faster and more powerful experience. The new LG grams all include Wi-Fi 6, resulting in an enhanced connectivity, and come with a Mega Cooling System.

LG's flagship LG gram 17 and the LG gram 15 both feature a larger 80Wh battery so users can make the most of their portability and enjoy long hours without the need to connect to an outlet. The 17-inch model features up to 17 hours of battery life and 15-inch model delivers up to 18.5 hours of battery life on a single charge.

Both 14-inch LG gram and 2-in-1 models feature a 72Wh battery and now have Thunderbolt™ 3 connectivity to continue the tradition of providing long usage times and the power of productivity. The 2-in-1 model boasts up to 20.5 hours of battery life and the regular 14-inch model delivers up to 18.5 hours of battery life on a single charge. The entire 2020 lineup also introduces a more seamless and premium aesthetic with minimalist design.
