- Highly Energy and Water Efficient
- Delay Wash (Up to 19 Hours)

### STYLISH DESIGN

- Electronic Control Panel with LED Display and Tactile Buttons
- Large Silver Rimmed Lid with Transparent Glass

Inverter  
Direct Drive

## PERFORMANCE AND RELIABILITY— A DASHING DUO

With 3.7 cu.ft. of large capacity, this high-efficiency top-load washer is loaded with innovative features to provide a great washing experience. Combine the TrueBalance™ Anti Vibration System, designed to reduce washer noise and vibrations, with the 10 year warranty on its Direct Drive motor, and you can see why this washer is a great choice for both performance and reliability.

### Large Capacity (3.7 cu.ft.)

Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The large capacity (3.7 cu.ft.) washer lets you do more laundry in fewer loads. That's time saved and sore backs avoided.

### TrueBalance™ Anti-Vibration System

You shouldn't know your washer is on from the next room. The LG TrueBalance™ anti-vibration system is designed to reduce washer noise and vibration for smooth, quiet performance in any room of the house – even if it's on another floor.

### EasyDispense™

No need to watch the clock while you wash. EasyDispense™ takes the guesswork out of doing laundry by allowing you to pour in your detergent, bleach and fabric softener all at once, while releasing them at just the right time.
