

SUPER MULTI NAS

N1A1

NAS

Take Streaming Into Your Own Hands

With smart phones and tablet PCs becoming essential tools for business, healthcare and education, LG's Super-Multi NAS N1A1 is able to stream information and media directly to portable devices. Open up new possibilities of distributing information to clients, doctors, patients and students. The LG NAS lets you go beyond the storage limitations of handheld devices and gain access to videos, music and presentations via the internet. Whether streaming video seminars to students or sharing medical information with patients, the LG NAS delivers a new level of interactivity.
