- 1080p Resolution
- 4-Channel Surround Sound
- 4-Channel Surround Sound
- 4-Channel Surround Sound

If you're big on sports and fast action, but not big on bulky frames, the PW350 3D Plasma is the HDTV for you. It's got a blistering 600Hz refresh rate that keeps up with the fastest action, so there's a clear picture with virtually no blur. Think plasmas have to be bulky? Think again. The TruSlim Frame gives it a sleek, thin profile that makes it stylish on or off.

Bring your content to life with HD 3D technology! The astonishing effects will immediately grab your attention and bring your entertainment experience to the next dimension.

Peel away the old standard for ultra slim framing. At less than 1" wide the new TruSlim Frame trims away distraction of wide frame.

Tired of streaky action or unclear plays during the game? See sports, fast action and video games like never before. The 600Hz refresh rate virtually eliminates motion blur.
