## IS IT A MONITOR? OR SOMETHING BETTER?

The ultimate in LG Monitor displays is now available with the E70. Equipped IPS display technology users can view smooth and clear images from virtually any angle, see it for yourself.

Tired of dark images or dull colors? LG's LED technology provides a slim profile and delivers amazing brightness, clarity and color detail, as well as greater energy efficiency compared to conventional Monitors.

In Plane Switching or IPS controls the liquid crystal display to help keep distortion at a minimum and allows users to view images on the screen at virtually any angle.

This stunning picture is the reason you wanted HD in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard resolution. You'll see details and colors like never before.
