

# A CLASSIC FLIP THAT BLENDS STYLE AND SIMPLICITY

## LG ENVOY™

I don't need extra gadgetry to stay in touch when I'm out and about. I mostly like to talk, but I want a phone that makes it easy to do a little messaging too—just enough LOLs and OMGs to keep everybody happy, plus a few great snapshots of what I'm doing to spice it up. That's worth like a thousand words, right? And it all should tuck neatly into my palm or pocket because smaller is simpler for me.

I want a phone that makes connecting with my friends easy. LG Envoy™ does just that. It's light and compact for long conversations—via *Bluetooth*® or one-touch speakerphone. I can quickly text tidbits and attach photos and voice messages for extra flavor. Its BREW® functionality puts games and other apps at my fingertips. There's a WAP browser for when I need to check out something online, and a VGA camera that lets me print images wirelessly to a *Bluetooth* printer. Want a phone that'll make you flip? Get Envoy.

**A DESIGN TO FLIP OVER** Sometimes beauty just hinges on form and function. Envoy is an open-and-shut case. A Flash interface also adds brawn to the inside.

#### MESSAGE YOUR MESSAGES

Add a little flair to your texts with a colorful photo or an "it's me..." voice snippet to your short stories.

#### THERE'S FUN BREWING

As a BREW-capable phone, you can run special apps and games or manage your graphics and ringtones.

#### ONLINE ACTION

You can use the WAP browser to view the web on your Envoy for info on-the-go.

#### BLUETOOTH 2.1 + EDR

Save up to 20 device pairings\* and share contacts and calendar events over the air. Or print photos directly to a *Bluetooth* printer.

#### ONE-TOUCH TALKING

A one-touch speakerphone lets you quickly carry on a conversation while your hands are doing something else, like playing with the kids or crafting the perfect dinner for two.

\*Depends on available memory.
