REFRIGERATORS

LSC27921

Side-By-Side Refrigerator

Sophisticated Design, Inside & Out

With LG's styling package you get contoured doors, hidden hinges, and other features that present a sophisticated and refined look.

Tall Ice & Water Dispenser

The redesigned water dispenser is almost 12" tall – the upfront tap, retractable pitcher rest, and dual activation make it easy to fill most shapes and sizes of containers with the safe and clean water you love.

Humidity Controlled Crispers

The Humidity Crispers System controls and optimizes humidity, extending the life of most fruits and vegetables.

Horizontally Brushed Stainless Steel

LG's Side-By-Side refrigerators uniquely feature horizontally brushed lines on all Stainless Steel models presenting a brighter, more attractive finish that easily matches other stainless steel appliances.

Design and specifications are subject to change without notice.
