# Transferring Music

Expand your music library instantly. Easily transfer music from your PC to your phone using USB mass storage.\*

1. With the slide closed and the phone unlocked, insert a microSD card\* into your phone.
2. Connect a USB data cable\* between the phone and your PC.
3. Select **USB Mass Storage (2)**.
4. The PC will recognize the phone as a **Removable Disk** and a screen will appear. If prompted, choose to view the files using Windows® Explorer. Drag and drop music files on your PC into the **My\_Music folder**.

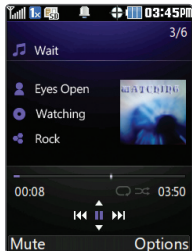

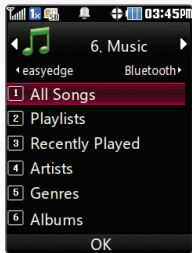

\*microSD card and USB data cable required (sold separately).

# Playing Music

Make a soundtrack for your life! Your favorite songs are always on hand with the integrated music player on this versatile phone.

1. Insert a microSD card\* containing MP3-formatted music into your phone.
2. With the slide closed and the phone unlocked, press the  **Key** to enter the main menu, and then select **Music (6)**.
3. Music is organized by playlist, artist, genre, and album. Press the  **Key** to select **All Songs (1)**.
4. With the song you want to hear highlighted, press the  **Key** to begin playing that song.
5. Use the side **Volume Keys**   to adjust the volume.

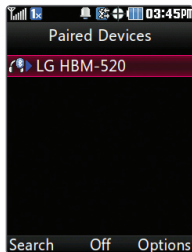

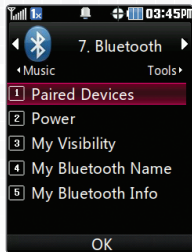

\*microSD card required (sold separately).

# Bluetooth® Wireless Technology Pairing

Free yourself from cables, wires, and cords by taking advantage of *Bluetooth* wireless technology. Enjoy stereo sound and greater mobility with this easy-to-use feature.

1. Set your *Bluetooth* accessory into pairing mode.\*
2. With the slide closed and the phone unlocked, press **up** on the **Navigation Key** to access the **Bluetooth menu**.
3. Press the **MEMU OK** **Key** to select **Paired Devices (1)**.
4. Press the **Left Soft Key** for **Search**. If *Bluetooth* wireless technology is off, you'll be prompted to turn it on.
5. Select **New Search (1)**.
6. Highlight the device you wish to pair with and press the **MEMU OK** **Key** for **Pair**.
7. Press the **MEMU OK** **Key** to select **Always Ask (1)**.
8. Press the **MEMU OK** **Key** once again to connect to the device.

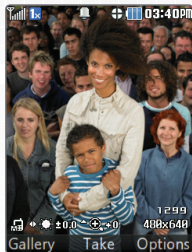

\*Refer to your Bluetooth accessory's user manual for information about initiating pairing mode and the passcode (if asked).

# Taking a Picture

Never worry about leaving your camera at home again. The phone's built-in 1.3 megapixel camera lets you take great pictures and send them to friends in a flash.

1. With the slide closed and the phone unlocked, press and hold the  **Key** to access the camera viewfinder.
2. Press **left** or **right** on the **Navigation Key** to adjust the brightness. Press **up** or **down** on the **Navigation Key** to adjust the zoom.\* Press the **Right Soft Key** for **Options**.
3. Press the  **Key** to take the picture.
4. Press the  **Key** to send the photo to someone.

*\*Camera setting of 960 x 1280 pixels does not support zoom function.*
