ULTRA LARGE, ULTRA EFFICIENT, ULTRA CLEANING

Got ultra stains? We have an ultra solution. This 4.3 cu. ft. ultra-large capacity washer works to attack and knock-out stains with its StainCare™ option, while the ColdWash™ Technology gives you ultra cold water savings with warm water performance. It's our largest capacity washer, so go ahead and pile it all in. The extra wide door opening makes loading and unloading a breeze.

COLDWASH™ **ColdWash™ Option**
Now using the cold cycle on your washer doesn't mean compromising how clean your clothes are. New ColdWash™ technology uses cold water and enhanced washing motions to penetrate deep into fabrics, giving you cold water savings with warm water performance.

6MOTION™ **6Motion™ Technology**
Get your clothes clean and experience a smarter way to wash with our innovative 6Motion™ technology. Each wash cycle combines up to 6 different wash motions to provide a revolutionary cleaning experience.

Ultra-Large Capacity (4.3 cu.ft.)
Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The ultra-large capacity (4.3 cu.ft.) tub lets you do more laundry in fewer loads. That's time saved and sore backs avoided.
