# **MODELS**

# 65UB9200 65" CLASS (64.5" diagonal)

You'll want to showcase this large screen UHD 4K resolution\* TV off. And what better way than with the LG UB9200 with LG's IPS panel that has the widest 4k viewing angle. The wide viewing angle means that your guests will enjoy clear and consistent color that remain 5 times less color shift than Samsung 4K TVs even at as little as 30 degrees\*\*. Now everyone can enjoy the benefits of 4K together. It's easy to access 4K streaming content through our Smart TV\*\*\* with content providers like Netflix, YouTube, M-GO and more! Even watching standard content will look better with our best resolution upscaler yet. The Tru-4K Engine Pro uses a multi-step process to enhance the resolution to a picture quality so close to native 4K, you may not be able to tell the difference. Fast motion will also look great on the UB9200. With UCI 1320 movies, games and sports will look virtually motion blur free, letting you keep your focus on the action.

# **PRODUCT HIGHLIGHTS**

#### **UHD 4K RESOLUTION**

LG ULTRA HD TVs offer 4 times the resolution of Full HD\* for an ultra-clear picture, even on large screens.

#### **IPS 4K PANEL**

Make any seat the best seat in the house with a clearer and more consistent image at wide viewing angles compared to conventional screens.

# **TRU-4K ENGINE PRO**

Our best resolution upscaler yet for content so close to native 4K it is nearly impossible to tell the difference.

<sup>\*4</sup>K/UHD content delivery standards still being developed. \*\* Based on 2014 test run by Intertek. \*\*\*Internet connection and certain subscriptions required, sold separately. The Magic Remote does not come equipped with all LG Smart TV enabled TVs and a separate purchase may be required.
