Quick Start

[Image of LG Flex phone with labels for camera lens, microphone, charging port, etc.]

Settings
You can change ringtones, device language input, and much more.

Sounds
1. From the home screen, press \( \text{ 设置} \) and tap All settings > Sound.
2. You can change your ringtones, set notification sounds, adjust your touch feedback options, and more.

Device language
1. From the home screen, press \( \text{ 设置} \) and tap All settings > General > Language & input.
2. To change the device language, tap Language.
3. Tap the desired language.
AT&T Ready2Go

Set up your device quickly and easily by using Ready2Go:

- Set up Email accounts and Facebook®
- Sync your contacts and calendar
- Connect to Wi-Fi®

You can use Ready2Go when you first activate your device or open it later from the app tray. The wizard will guide you through the setup process.

Note: To skip the wizard, tap Remind Later > exit. To return to the wizard from the home screen, tap .

Calls and Voicemail

Make a call

View your favorite contacts

View groups

Access voicemail

Switch to the QSlide version of dialer

Delete

View recent calls

Go to your contact list

Note: To reset your voicemail password, go to att.com/resetvm.
Customize Your Phone

Customize your phone by adding shortcuts to apps and widgets to your phone’s home screen.

Home screen

1. Press and hold an empty spot on a home screen and choose a category:
   - **Apps**: Add shortcuts from the app tray.
   - **Widgets**: Add dynamically updating widgets.
   - **Wallpapers**: Change your wallpaper.
2. To move an item, press and hold it and drag it to a new location. To delete it, drag it to Remove.

Email

View folders and additional email accounts
Switch to the QSlide version of email
Refresh your inbox
Compose a new email
Choose a recipient from your contact list
Attach a picture or other file
Send your message

Note: Consult your IT department for more information when setting up a Microsoft® Exchange account.

Note: To reset your voicemail password, go to att.com/resetvm.
Knock Code™

1. From the home screen, press and tap Lock screen settings > Select screen lock > Knock Code.
2. Enter a pattern of 2-8 taps. You can tap the same quarter more than once in a row. Tap Continue.
3. Enter the pattern again and tap Confirm.
4. Enter a backup PIN of at least four digits and tap Continue.
5. Enter it again and tap OK.
6. When your phone is locked and asleep, tap your pattern on the screen to unlock it. You can tap anywhere on screen, i.e., full screen or a single corner.

Web

Enter a web address or search terms
Go forward a page
Go back a page
Refresh the page
Create a new browser window
Access the Browser Bar
Access bookmarks, browser settings, tabs, and more

Note: To disable the Browser Bar, swipe up on > Toolbar.
Camera, Video, and Sharing Photos

Share photos
1. Tap the thumbnail in the lower left of the screen.
2. Tap an option and follow on-screen instructions.

QuickTheater

Access YouTube™ and your photos and videos all in one place with QuickTheater.

You can access QuickTheater from the swipe lock screen by turning the phone to landscape position and dragging both thumbs apart toward the edges of the screen.

**Camera, Video, and Sharing Photos**

Share photos

1. Tap the thumbnail in the lower left of the screen.
2. Tap 🔍.
3. Tap an option and follow on-screen instructions.

**QuickTheater**

Access YouTube™ and your photos and videos all in one place with QuickTheater.

You can access QuickTheater from the swipe lock screen by turning the phone to landscape position and dragging both thumbs apart toward the edges of the screen.
Voice Mate

Voice Mate allows you hands-free interaction with your device. You can ask Voice Mate to perform phone functions using your voice, such as calling a contact, setting alarms, or searching the web.

Wi-Fi and Bluetooth®

**Connect to Wi-Fi**
1. From the home screen, press and tap **All settings > Networks > Wi-Fi**.
2. Tap **on** to turn on Wi-Fi.
3. Tap a network name. Enter a password if required and then tap **Connect**.

**Use Bluetooth**
1. Swipe down on the top of the screen to open the Notifications Panel.
2. Tap **Bluetooth** to enable or disable Bluetooth.
Your 4G LTE wireless device will indicate which of the AT&T wireless networks you are connected to. A network indicator does not necessarily mean that you will experience any particular upload or download data speeds.

**4G LTE**: Connected to the AT&T 4G LTE network.

**4G**: Connected to the AT&T HSPA+ network. The AT&T HSPA+ network is capable of delivering 4G speeds when combined with enhanced backhaul. 4G availability is increasing with ongoing backhaul deployment.

**E**: Connected to the AT&T EDGE/2G network.

Actual data upload and download speeds depend on various factors, including the device, network utilization, file characteristics, terrain, etc. Learn more at [wireless.att.com/learn/articles-resources/wireless-terms.jsp](http://wireless.att.com/learn/articles-resources/wireless-terms.jsp), your AT&T Wireless Customer Agreement, Section 3.2 “Where and How Does AT&T Service Work?”

4G LTE not available everywhere. LTE is a trademark of ETSI. Learn more at [att.com/network](http://att.com/network).

Dual Window
Interact with two apps at once. To launch Dual Window, press and hold.

Google Play Store
Once you have set up your Google™ account, you can download apps, music, movies, and more from the Play Store.

Search Google Play for an app or other item
Tap to view a category
Tap to access your apps, wishlist, and more.
Tap to access settings.

Notes:
• To purchase a paid app, you will need to set up a payment method with Google Wallet™.
• You may want to download apps over Wi-Fi to save on your data plan usage.
Slide Aside
Slide Aside allows you to quickly switch between three open applications (or tasks) using a three-finger gesture. Swipe left to save an app and swipe right to access saved apps.

Note: Some apps may restart when brought back later.

AT&T Services

myAT&T: Track your usage, review and pay your bill, and update your data plan services.

AT&T Navigator®: Get voice-guided, turn-by-turn driving directions and traffic updates.

AT&T Smart Wi-Fi: Maximize your battery performance and data plan, simplify access to AT&T Hot Spots and Wi-Fi networks, automate your Wi-Fi connections, and track your data usage.

Mobile Hotspot: Share your mobile network data connection with other Wi-Fi devices.

AT&T Locker™: Safely store and share all your photos, videos, and documents with up to 5 GB of free storage.

Data rates may apply. AT&T Navigator requires a separate subscription.
AT&T DriveMode®

When your vehicle is in motion, automatically respond to incoming calls, texts, and emails.
