Cake smashed in the groom’s face. A Thanksgiving dinner of Chinese food. The sun rolling out stage left during the 2nd grade Solar System Play. Fluffy scared of his own reflection in the mirror. Everyone has their own set of indescribable experiences that they wish they could share with others—and now they can, in the best way imaginable. Optimus G Pro is their personal share machine, helping them stay in the moment with an immersive and expansive display, camera features that capture the essence of a memory, processing power ready to fuel unparalleled experiences, and on-device interactions like nothing they’ve ever seen before.

So let’s put one in their hands and show them what it’s like to not only share... but to share like a pro.
Host a Screening
Featuring a screen so expansive, colors so accurate, and images so dazzling on a 5.5” display that is truly HD, Optimus G Pro delivers an on-device cinematic viewing experience so immersive, you could literally sell tickets — and charge $10 for hot dogs.

Collaboration is Calling
VuTalk lets you connect and share fun, handwritten notes while on voice calls with drawings, images, maps, and more — and then saves them in Notebook when you’re done. Passing notes hasn’t been this entertaining since middle school.*

Visionary Security

• 360° Virtual Scenes with VR Panorama*
• Intelligent Auto for Instant Adjustments
• Time Catch Shot

* Available on rear-facing camera or camcorder only.

Take It Over the Top
Sometimes, life feels like a reality show — and with Optimus G Pro, yours could be a number-one hit. Dual Recording adds drama to any video by activating the front and rear video cameras simultaneously, capturing the subject you’re recording, as well your reaction — whether intentional or entirely spontaneous.
