My ideal device is here—the T-mobile® myTouch Q by LG. With a real QWERTY keyboard, getting my message across is easier than ever! And it has all the essentials without a lot of techie clutter. I can send texts, use Facebook®, find directions, snap a picture, and watch a video. So it's not just another smartphone—it's a smartphone for me!

Outside the Box - The Android™ 2.3 Platform makes the myTouch Q by LG a dream to use, even right out of the box.

Smarter is Better - When driving, cooking, or otherwise occupied, the Genius button lets users easily operate key functions by voice command.

Making Sense - The App Drawer is made to contain all the personalized essentials for everyday. That means no more sorting and searching, what is needed is right up front and center.

Ingenious Innovation - With its ample 3.5" screen, powerful processor, and fast connection, movies and TV are a true enjoyment without any lag or buffering.

Type Easy - Boasting a full QWERTY keyboard means physical keys right where they need to be—under your thumbs, and even better, there's no hassle trying to use the onscreen keyboard.
