The world
has plenty
of followers.
Lead on.

Let everyone else be content to “keep up” with technology. You’re already ahead.

Be the designated navigator on your next vacation with friends. Take the best panoramic photos and catch the most amazing moments—every time. Play football with your buddies, then gather around and watch the game while relaxing pool-side. Show them what it means to be truly wireless, even while on the go.

Get it all done in the most impressive way possible, with

spectrum² by LG

The powerful end of the spectrum.

You want everything—faster, and with Spectrum2 you can have it all. Watch HD videos without the wait. Stream music seamlessly. Play the newest interactive games smoothly. And the revved up Snapdragon™ S4 Krait 1.5 GHz Dual-Core Processor powers through multiple tasks at once—while the ultra-fast 4G LTE network blasts buffering. Plus, with global roaming, you can go to more than 155 countries and stay connected.

Refined details. Slim profile.

Your mobile device is a reflection of you—so it might as well look phenomenal. The Spectrum2 is designed for exceptional performance and cutting-edge style, featuring a slim profile, sleek bezel, contrasting textures and a comfortable grip, it delivers a message that transcends communication—this is a mobile device that makes a strong style statement.

At only 0.39" thin, the Spectrum2 is beautiful and comfortable to handle.

Works as hard as you do.

You keep going all day. Your phone should, too. Perfect for power users, the 2,150mAh battery provides a longer life while maintaining a slim silhouette. And for added convenience, Spectrum2 comes with a wireless charging door to support wireless charging.

Simply place the Spectrum2 on the optional charging pad to refresh the battery.

Share your Spectrum2 display wirelessly.

A Truly Wireless Experience.

Discover the freedom and flexibility of true wireless technology with Spectrum2. SmartShare technology (DLNA) lets you wirelessly share video or images on a TV screen or monitor, so you can easily share content with larger groups.

LG Tag+ (NFC technology) saves your phone modes for office, home, car or other locations, and adjusts to those modes with a single tap.*

Bluetooth® 4.0 is more energy efficient with features that improve power throughput to handle data intensive tasks.

Take your Spectrum2 with you and stay connected virtually anywhere in the world, thanks to global roaming.

*2 tags included with device.

The easiest, and best camera to reach for.

Pan the scenery and Spectrum2 with Intelligent Panoramic Shot will do the rest.

Never forget your camera again. LG Spectrum2 features a high-quality 8 MP camera with advanced optics and zero shutter lag that rivals the most sophisticated digital cameras. Time Catch Shot captures the moment before you press the button. Intelligent Panorama Shot lets you capture incredible panoramic views, by pressing one button and panning while the camera does the rest. With Voice Shot, simply say 'cheese!' to take a picture. And fast, High Dynamic Range processing ensures you get the most detail in the highlights, and the shadows. This is more than a camera phone. With quality like this, it's worthy of being the only camera you carry.

Time Catch Shot captures the image you might have missed.

Crisp, sharp details, and accurate colors.

Bigger is better.

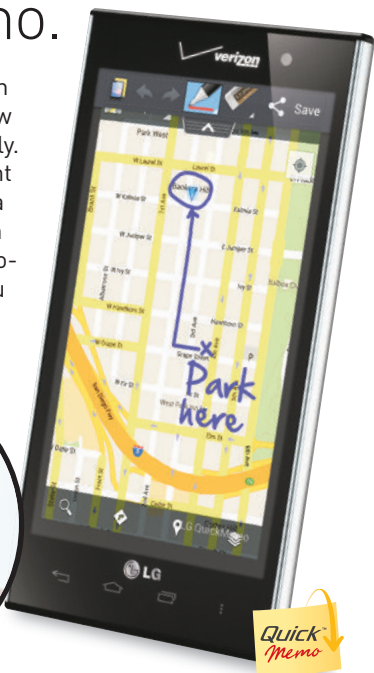

Whether you're streaming an HD movie, playing an interactive game, or catching up on work, a bigger screen is always better. The Spectrum2 delivers vividly accurate colors, crisp, sharp text, and clear images on a super-sized 4.7" True HD IPS screen.
