PRODUCT HIGHLIGHTS

4.1 channel audio

Make all of your movies and music come alive as never before, with 4.1-channel sound. An ideal premium audio solution for compact spaces, four specially engineered speakers plus subwoofer create a thrilling virtual surround effect.

Google™ Cast

LG Music Flow products have Google Cast built-in so you can cast your favorite music apps like Pandora and Google Play Music from your personal device to your speakers. You can cast from your Android phone or tablet, iPhone, iPad, Mac or Windows laptop or Chromebook.

Smart Hi-Fi

Connect your LG Music Flow speaker to your network via Wi-Fi® to access music from compatible mobile devices, NAS drives, PCs and internet streaming services. Once connected, all of your content will be at your fingertips and easy to control through the Music Flow Player app.
